### PFC. M. P. OYLER IS WOUNDED ON GERMAN SOIL

Seriously wounded in France in July, Pfc. Melvin P. Oyler, 21-year-old son of Mr. and Mrs. Lester Oyler, 141 Hanover street, was slightly wounded in action in Germany on September 29, the War Department notified the parents by telegram this morning.

Pfc. Oyler, who fights with an infantry division of the First Army, was wounded first on July 11 in France and spent four weeks in a military hospital in France. The parents here received weekly reports on his condition and were notified when he returned to duty four weeks to the day after he was injured.

The last letter the Oylers had from their son was written from Belgium on September 10 and told of having received 10 letters and a package there on his twenty-first birthday anniversary, September 7.

**Has Purple Heart**  
The Gettysburg soldier was issued the Purple Heart medal after he was wounded in July and sent the medal home to his parents.

He volunteered for Army duty in August, 1942, and trained with armored troops at Fort Knox, Ky., before going to North Africa in February, 1943. He took part in the successful North African campaign. Serving with a reconnaissance unit, he drove a scout car during the Sicilian campaign. His next action was in France.

Before he entered service he was employed at the Fairchild aircraft factory at Hagerstown. He is a former Gettysburg high school student.

### RED CROSS IN NEED OF FIFTY BLOOD DONORS

A call for "at least 50 new blood donors" was issued today by the Blood Donor Service committee of the local Red Cross chapter for the next Donor Day in Gettysburg, Friday, November 3, as the local leaders pointed to the Philippine invasion and the bloody fighting on the western front as evidences of the urgent need for plasma for fighting men.

The Harrisburg Blood Donor center has told the local unit they will accommodate "as many donors as we can get" at Gettysburg on November 3. Previously the local unit was asked to produce 180 pints of blood on each monthly visit but now the Red Cross staff from Harrisburg will come prepared to handle any number of donors that reports at the local center in the College Lutheran church basement.

**Shortage Of Doctors**

Radford H. Lippy, local Donor Service chairman, said that he has been notified that a shortage of Navy doctors will reduce the number of future visits by the blood receiving unit. December and January visits will have to be omitted. The next tentative date is Monday, February 19. Unless more Navy doctors become available, the visits may be reduced to two each six months instead of coming here monthly, Mr. Lippy has been advised.

Twenty new donors already have been listed for the November visit but at least 50 more can be used. National Red Cross has pointed out that the volume of blood donations must be increased to meet increased demands and to supply the improved facilities for getting blood and plasma to the battlefronts. Whole blood is now being flown from New York and Washington Red Cross blood donor centers to European battlefronts.

### WALLET, \$500 ARE RECOVERED BY RED CROSS

The story of a happy man was completed this morning at the offices of the Adams county chapter of the American Red Cross.

The happy man is Edward C. Peterson, of Wellsboro, a veteran of the first World War who is receiving a total permanent disability pension for the wounds he received in France in 1918. And what made him happy was the fact that he had recovered his wallet, which contained over \$500 and all of his membership cards, driver's license and other papers.

He had gone to Durham, North Carolina, last week to visit friends, and on the return trip stopped Wednesday at Remington, Virginia, to stay overnight at a tourist house. Peterson put his wallet under his pillow after he had paid in advance for his room, and got up early Thursday morning and forgot to retrieve the money.

**Got Quick Action**

He didn't think of his loss until he reached Gettysburg and went for help to the Red Cross. After hearing of Peterson's plight, Miss Margaret McMillan, executive secretary of the local chapter, phoned the Fauquier county, Virginia, office of the Red Cross.

Swift action on the part of the Red Cross office at Warrington, Virginia, located the wallet in the hands of the rooming house proprietor and it was sent to Gettysburg by registered mail. Peterson, whose lodging and meals had been arranged for by the Red Cross office, recovered his valuables this morning and left for Wellsboro with his college dog, Queen.

"I don't know how I can ever thank them," he said, speaking of the Red Cross officials. "They're my best friends."

### TOTAL MOUNTS TO \$2,462 IN WAR FUND DRIVE

A check of War Fund campaign captains in many parts of the county Thursday evening showed that collections have mounted close to the \$2,500 mark with only partial and scattered results available.

The total at noon today stood at \$2,462.35, an increase of approximately \$1,000.00 since the last report issued on Wednesday. The county quota is \$29,959 in the campaign which is scheduled to close November 1.

Special gifts from a number of boroughs in the county have not yet been reported. House-to-house solicitors are busy in every county community as the largest War Fund soliciting staff ever set up in the county swings into action.

**Firemen Head List**

Paul A. Kinsey, county campaign chairman, said today he is pleased with the initial reports that have been received and pointed out that they are well above the totals for the comparable dates in last year's drive.

The Adams County Firemen's Association heads today's list of contributors with a donation of \$50. Next is the Gettysburg fire company's donation of \$30.

The others follow:  
Order of the Eastern Star — \$25  
Mr. and Mrs. M. W. Klinefelter — \$20  
Bricker and Bender drug store — \$15  
P and T restaurant — \$15  
M. A. Hartley and Co. — \$15  
Faber's — \$10  
Mitchell's restaurant — \$10  
Mr. and Mrs. Harold Reuning — \$10  
Misses Adams and Wolf — \$10  
Joe the Motorist — \$10  
Mr. and Mrs. Irving Bierer — \$10  
Mrs. S. E. Koser — \$10

Reports from the state War Fund headquarters at Scranton show that current collections throughout the state, including Carlisle, already have topped their campaign quotas.

### Firemen To Attend Sgt. Rentzel Rites

Members of the Cashtown Community fire company will attend in a body the memorial services for Sgt. Leroy M. Rentzel to be held Sunday morning at 9:30 at Foltz's Lutheran church.

### Biesecker Brothers Meet Near Front

T-5 John Biesecker, 23, and his brother, Warrant Officer (38) Harry Biesecker, 27, sons of Mr. and Mrs. Miles Biesecker, Cashtown, met recently on the European battle front.

The brothers are believed to have met either in Belgium or Germany, although a letter written jointly by them to their parents October 10 did not reveal just where the meeting occurred.

T-5 Biesecker went overseas early last April while his brother has been overseas since June, 1942, being transferred recently from England to France. T-5 Biesecker revealed in recent letters he was somewhere in Belgium with an engineers' outfit. His brother is with a civil affairs center and transportation section unit.

### RULER OF ELKS URGES SUPPORT OF WAR EFFORT

A plea for a continuous and all-out effort in the prosecution of the war and a warning against relaxation in the effort due to favorable war news was made by Dr. Robert S. Barrett, Grand Exalted Ruler of the Benevolent and Protective Order of Elks, at a testimonial banquet tendered him Thursday evening by the Gettysburg Lodge of Elks No. 1045.

Dr. Barrett urged the Elks to support War Bond campaigns, relief drives, and in every way "back to the fullest each effort which will bring victory that much closer."

Approximately 175 Elks attended the dinner, including a number of state and district officers.

H. Earl Pitzer, District Deputy of the South Central District of the Elks of Pennsylvania and a past Exalted Ruler of the Gettysburg lodge, presided as master of ceremonies.

John W. Fox, present exalted ruler of the local lodge, made the address of welcome following the invocation which was given by William C. Fabel, Chambersburg.

**Rehabilitation Aid**  
A second important role in which Dr. Barrett called upon the Elks to take their full share of responsibility was that of rehabilitation for the service men and women following victory.

He pointed out that at present more than 1,000,000 service men "enjoy the 172 fraternal centers set up by the Elks for use of those in uniform." He revealed that at present there are approximately 100,000 wounded or injured in 159 service hospitals in the United States and that the Grand Lodge of Elks will spend \$500,000 this year in giving them all possible comforts and entertainment.

Citing the "deplorable condition" many service-men found themselves in following the last World War, Dr. Barrett said "those conditions must not occur this time." He declared it was the duty of the Elks to see that every aid and comfort is given to returning service men and asked that each lodge set up a committee of five men to see that appropriate aid is given locally. "Not only to service men, to whom we owe our very being at this time, but also to the families of service men we owe a responsibility," said Dr. Barrett. He reported that the Grand Lodge has donated \$25,000 toward aid for children of Elks who have been killed in service.

Dr. Barrett revealed in his address (Please turn to Page 2)

### "I Have Returned"

(By The Associated Press)  
"I have returned," General Douglas MacArthur told the Filipino people in a broadcast today, calling upon them to "rise and strike" the Japanese.

Here is the text of his broadcast over the "Voice of Freedom" radio, as reported by the Office of War Information:

"This is the voice of freedom. General MacArthur speaking: 'People of the Philippines: I have returned. By the grace of Almighty God our forces stand again on Philippine soil—soil consecrated in the blood of our two peoples. We have come, dedicated and committed, to the task of destroying every vestige of enemy control over your daily lives, and of restoring, upon a foundation of indestructible strength, the liberties of your people.'

"At my side is your President, Sergio Osmena, worthy successor of that great patriot, Manuel Quezon, with members of his cabinet. The seat of your government is now therefore firmly re-established on Philippine soil.

"The hour of your redemption is here. Your patriots have demonstrated an unswerving and resolute devotion to the principles of freedom that challenges the best that is written on the pages of human history. I now call upon your supreme effort that the enemy may know from the temper of an aroused and outraged people within that he has a force to contend with no less violent than is the force committed from without.

"Rally to me. Let the indomitable spirit of Bataan and Corregidor lead on. As the lines of battle roll forward to bring you within the zone of operations, rise and strike! Strike at every favorable opportunity. For your homes, and hearts, strike! For future generations of your sons and daughters, strike! In the name of your sacred dead, strike! Let no heart be faint. Let every arm be steeled. The guidance of Divine God points the way. Follow in His name to the holy grail of righteous victory!"

### AACHEN FALLS

(By The Associated Press)  
London, Oct. 20.—Front line broadcasts announced today the capture of Aachen by the U. S. First Army on the 12th day of the American battle for the German city of 165,000.

By ALEX H. SINGLETON

London, Oct. 20 (AP)—Canadian infantry and armor struck out in a new offensive through the mud and marshland north of Antwerp today to bolster the Allied powerhouse salient being built up in Holland against Adolf Hitler's northern defenses.

At the same time French infantry fighting along the ridges of the Vosges at the southern end of the Allied line outflanked the village of Venron at the entrance to the 15-mile-long Bussang pass which opens out on the Rhine floor only seven miles from Mulhouse.

**Seize Two Passes**  
The Americans of the Seventh Army on the latter front also captured Bruyeres, 13 miles east of Epinal, in a further stab at two more passes leading through the Vosges to the Rhine flatlands around Colmar and Strasbourg.

The First U. S. Army, holding more than half of Aachen, struggled slowly through mountains of debris in an effort to extinguish the last sparks of resistance in that Siegfried line city.

The British Second Army, fighting to clear out the Germans west of the Meuse (Moselle) along the Reich border frowning the Holland salient made slow progress, almost bogged down by mud and stiff German resistance.

The Canadian attack, sprung at 7:30 a. m., was launched from an area about eight miles north of Antwerp along the railroad and

highway leading north to Rosendaal and Rotterdam.

Canadian forces were reported stepping up their attacks on pocketed Germans blocking Allied use of Antwerp's docks, and Berlin speculated that Gen. Dwight D. Eisenhower might not wait for opening of this supply port to begin a heavy new drive into the Reich.

**Penetrate Breskens**

A late dispatch said the Canadians had penetrated Breskens, across the Schelde estuary from flooded Walcheren island in Holland. Another column was said to have splashed three miles through the marshes to within a mile of Oostburg, squarely in the center of the dwindling German pocket.

Some German radio commentators for days have been asserting the Allied command could not begin an attempt to break through into the heart of Germany until clearing of the Schelde sector opened up Antwerp to funnel in supplies. But last night they began reversing their field.

One even saw the possibility of another seaborne landing in the Rotterdam area of Holland north of the Schelde estuary.

From eastern Holland, AP War Correspondent Ned Nordeess, with the British Second Army, reported that British troops on the Meuse river front were stopped cold along the Verray-America road last night by war and muddy ground, entrenched German infantry and machine-gun and bazooka positions.

**Weather Forecast**

Cloudy, wind; and colder today. Rain continued cold and windy tonight and tomorrow.

### U. S. Will Strangle Black Dragon Of Jap Militarism

(By The Associated Press)  
Washington, Oct. 20.—President Roosevelt hailed the invasion of the Philippines today with the assertion that "we have the will and the power" to teach Japan "the cost of treachery and deceit."

With our Allies, he said, "We shall teach this lesson so that Japan will never forget it."

As American troops plunged into the Central Philippines, Mr. Roosevelt in a statement promised freedom to the islands as soon as General MacArthur's forces clear out the Japanese, saying:

"We shall free the enslaved peoples. We shall restore stolen goods and looted wealth to their rightful owners. We shall strangle the Black Dragon of Japanese militarism forever."

The President declared that "We have learned our lesson about Japan. We trusted her and treated her with the decency due a civilized neighbor. We were foolishly betrayed. The price of the lesson was high. Now we are going to teach Japan her lesson."

The Philippine invasion redeems the pledge made when American troops surrendered on Corregidor and marks another "way station on the road to Japan," he said, adding: "We promised to return, we have returned."

In a message to General Mac-

Arthur, the President said, "You have the nation's gratitude and the nation's prayers for success as you and your men fight your way back to Bataan. The whole American nation today exults at the news that the gallant men under your command have landed on Philippine soil."

Mr. Roosevelt noted in the statement that "we have landed in the Philippines to redeem the pledge we made two years ago when the last American troops surrendered on Corregidor after five months and 28 days of bitter resistance against overwhelming enemy strength."

"Nowhere," he continued, "has the desire to avenge their comrades been stronger than among the forces of the Southwest Pacific. Leyte is another rung in the long ladder General MacArthur's men have been climbing for two years."

In messages to Admirals Chester W. Nimitz and William F. Halsey, Jr., the Chief Executive said "your fine cooperation with Gen. MacArthur furnishes another example of teamwork and the effective and intelligent use of all weapons."

The President in another message asked President Osmena to tell the Philippine people that "When the Japanese invaders have been driven out, the Philippines will take their place as a free and independent member of the family of nations."

## Powerful Invasion Forces Establish 3 Strong Beachheads; Jap Empire Severed

Veterans Of Corregidor and President Osmena, Of Philippines, Land With General MacArthur; Mighty Naval And Air Armadas Control Entire Area

New York, Oct. 20 (AP)—An American network pool broadcast recorded by NBC direct from Leyte island at noon today (EWT) said that "our troops are having a tough time and are being subjected to heavy mortar and artillery fire. But then no one expected this to be an easy operation," the broadcaster added.

(By The Associated Press)

General MacArthur's Headquarters, Philippines, Oct. 20.—Gen. Douglas MacArthur landed powerful invasion forces today in the heart of the Philippines, splitting in half Japan's defenses in that archipelago and fulfilling a vow made more than two years ago that "I shall return."

The ground forces, put ashore in Leyte gulf from a huge convoy under a terrific naval and air bombardment, quickly seized three strong beachheads along 11 miles of Leyte island's east coast.

Going ashore with MacArthur was every able-bodied survivor of Corregidor. Sergio Osmena, successor to the late Manuel Quezon as President of the Philippine Commonwealth, also landed.

While men and supplies poured in to meet an estimated 225,000 Japanese in the Philippines under Field Marshal Juichi Terauchi, President Roosevelt messaged from Washington:

415 Miles From Manila

"The whole American nation today exults at the news that the gallant men under your command have landed on Philippine soil."

The Leyte landings put the invaders within 415 miles of Manila to the northwest and marked an advance of 600 miles north from MacArthur's base at Morotai.

Front line dispatches said the Leyte landings were preceded three days ago by landings on small islands guarding the entrance to Leyte gulf and mine-sweeping operations of the gulf to make it safe for the passage of convoys.

MacArthur said the invaders comprised Lt. Gen. Walter Krueger's Sixth U. S. Army and units from the Central Pacific. Without further identification, frontline dispatches of Associated Press correspondents specified these participants:

The First Cavalry Division; the Seventh Division; the 96th Division.

**Japs Taken By Surprise**

The Japanese, expecting landings to the south at Mindanao were so completely surprised that beachheads, in the Tacloban area "were secured with small casualties," stated today's special communique issued from the field of operations.

Fulfilling his promise, made two years and seven months ago when he took sad leave of the islands that "I shall return," MacArthur went back aboard a warship. It was part of a giant convoy, sailing from New Guinea, which stretched out further than the eye could see.

The American Navy, in unchallenged strength, ruled the invasion scene and the seas about it.

Allied airforces virtually monopolized the skies.

"In a major amphibious operation, we have seized the eastern coast of Leyte island in the Philippines, 600 miles north of Morotai and 2,500 miles from Milne bay (New Guinea) from where our offensive started nearly 16 months ago," the communique stated.

**Heavy Sea And Air Attack**

"This point of entry in the Visayas (group of islands of which Leyte is one) is midway between Luzon (site of Manila) and Mindanao and at one stroke splits in two the Japanese forces in the Philippines x x x

"The landing was preceded by heavy naval and air bombardment which was devastating in effect."

Participating in the preparatory blows were carrier planes of Adm. William F. Halsey's Third Fleet which since Oct. 9 destroyed more than 1,300 Japanese aircraft, sank 86 ships and damaged 127 more in forays extending from the Ryukyus within 200 miles of Japan south across Formosa into the Philippines.

The U. S. Seventh Fleet, elements of the Third Fleet and an Australian squadron made up the naval forces in the invasion.

"Air support was given by Navy carrier forces, by the Far East Airforce and by the Royal Australian Airforce," the communique said.

**Result Will Be Decisive**

"The strategic result of capturing the Philippines will be decisive," General MacArthur pointed out in the communique.

"The enemy's so-called Greater East Asia Co-Prosperity Sphere will be cut in two. His conquered empire to the south, comprising the Dutch East Indies and the British possessions of Borneo, Malaya and Burma will be severed from Japan proper. The great flow of transportation and supply upon which Japan's vital war industry depends will be cut as will the counter supply of his forces to the south.

"A half million men will be cut off without hope of support and with ultimate destruction at the leisure of the Allies, a certainty in the broad strategic conception."

The Japanese landed on Luzon Dec. 9, 1941 after air raid

### WALLET, \$500 ARE RECOVERED BY RED CROSS

The story of a happy man was completed this morning at the offices of the Adams county chapter of the American Red Cross.

The happy man is Edward C. Peterson, of Wellsboro, a veteran of the first World War who is receiving a total permanent disability pension for the wounds he received in France in 1918. And what made him happy was the fact that he had recovered his wallet, which contained over \$500 and all of his membership cards, driver's license and other papers.

He had gone to Durham, North Carolina, last week to visit friends, and on the return trip stopped Wednesday at Remington, Virginia, to stay overnight at a tourist house. Peterson put his wallet under his pillow after he had paid in advance for his room, and got up early Thursday morning and forgot to retrieve the money.

**Got Quick Action**  
He didn't think of his loss until he reached Gettysburg and went for help to the Red Cross. After hearing of Peterson's plight, Miss Margaret McMillan, executive secretary of the local chapter, phoned the Fauquier county, Virginia, office of the Red Cross.

Swift action on the part of the Red Cross office at Warrington, Virginia, located the wallet in the hands of the rooming house proprietor and it was sent to Gettysburg by registered mail. Peterson, whose lodging and meals had been arranged for by the Red Cross office, recovered his valuables this morning and left for Wellsboro with his collie dog, Queen.

"I don't know how I can ever thank them," he said, speaking of the Red Cross officials. "They're my best friends."

### TOTAL MOUNTS TO \$2,462 IN WAR FUND DRIVE

A check of War Fund campaign captains in many parts of the county Thursday evening showed that collections have mounted close to the \$2,500 mark with only partial and scattered results available.

The total at noon today stood at \$2,462.35, an increase of approximately \$1,000.00 since the last report issued on Wednesday. The county quota is \$29,959 in the campaign which is scheduled to close November 1.

Special gifts from a number of boroughs in the county have not yet been reported. House-to-house solicitors are busy in every county community as the largest War Fund soliciting staff ever set up in the county swings into action.

**Firemen Head List**  
Paul A. Kinsey, county campaign chairman, said today he is pleased with the initial reports that have been received and pointed out that they are well above the totals for the comparable dates in last year's drive.

The Adams County Firemen's Association heads today's list of contributors with a donation of \$50. Next is the Gettysburg fire company's donation of \$30.

The donors follow:  
Order of the Eastern Star \$25  
Mr. and Mrs. M. W. Klinefelter \$20  
Britcher and Bender drug store \$15  
F and T restaurant \$15  
M. A. Hartley and Co. \$15

### RULER OF ELKS URGES SUPPORT OF WAR EFFORT

A plea for a continuous and all-out effort in the prosecution of the war and a warning against relaxation in the effort due to favorable war news was made by Dr. Robert S. Barrett, Grand Exalted Ruler of the Benevolent and Protective Order of Elks, at a testimonial banquet tendered him Thursday evening by the Gettysburg Lodge of Elks No. 1045.

Dr. Barrett urged the Elks to support War Bond campaigns, relief drives, and in every way "back to the fullest each effort which will bring victory that much closer."

Approximately 175 Elks attended the dinner, including a number of state and district officers.

H. Earl Pitzer, District Deputy of the South Central District of the Elks of Pennsylvania and a past Exalted Ruler of the Gettysburg lodge, presided as master of ceremonies.

John W. Fox, present exalted ruler of the local lodge, made the address of welcome following the invocation which was given by William C. Hazlett, Chambersburg.

**Rehabilitation Aid**  
A second important role in which Dr. Barrett called upon the Elks to take their full share of responsibility was that of rehabilitation for the service men and women following victory.

He pointed out that at present more than 1,000,000 service men "enjoy the 172 fraternal centers set up by the Elks for use of those in uniform." He revealed that at present there are approximately 190,000 wounded or injured in 150 service hospitals in the United States and that the Grand Lodge of Elks will spend \$500,000 this year in giving them all possible comforts and entertainment.

Citing the "deplorable condition" many service-men found themselves in following the last World War, Dr. Barrett said "those conditions must not occur this time." He declared it was the duty of the Elks to see that every aid and comfort is given to returning service men and asked that each lodge set up a committee of five men to see that appropriate aid is given locally. "Not only to service men, to whom we owe our very being at this time, but also to the families of service men we owe a responsibility," said Dr. Barrett. He reported that the Grand Lodge has donated \$25,000 toward aid for children of Elks who have been killed in service.

### "I Have Returned"

(By The Associated Press)

"I have returned," General Douglas MacArthur told the Filipino people in a broadcast today calling upon them to "rise and strike" the Japanese.

Here is the text of his broadcast over the "Voice of Freedom" radio, as reported by the Office of War Information:

"This is the voice of freedom. General MacArthur speaking: 'People of the Philippines: I have returned. By the grace of Almighty God our forces stand again on Philippine soil—soil consecrated in the blood of our two peoples. We have come, dedicated and committed, to the task of destroying every vestige of enemy control over your daily lives, and of restoring, upon a foundation of indestructible strength, the liberties of your people.'

"At my side is your President, Sergio Osmena, worthy successor of that great patriot, Manuel Quezon, with members of his cabinet. The seat of your government is now therefore firmly re-established on Philippine soil."

"The hour of your redemption is here. Your patriots have demonstrated an unswerving and resolute devotion to the principles of freedom that challenges the best that is written on the pages of human history. I now call upon your supreme effort that the enemy may know from the temper of an aroused and outraged people within that he has a force to contend with no less violent than is the force committed from without."

"Rally to me. Let the indomitable spirit of Bataan and Corregidor lead on. As the lines of battle roll forward to bring you within the zone of operations, rise and strike! Strike at every favorable opportunity. For your homes, and hearts, strike! For future generations of your sons and daughters, strike! In the name of your sacred dead, strike! Let no heart be faint. Let every arm be steered. The guidance of Divine God points the way. Follow in His name to the holy grail of righteous victory!"

### AACHEN FALLS

(By The Associated Press)

London, Oct. 20.—Front line broadcasts announced today the capture of Aachen by the U. S. First Army on the 12th day of the American battle for the German city of 165,000.

By ALEX H. SINGLETON

London, Oct. 20 (AP)—Canadian infantry and armor struck out in a new offensive through the mud and marshland north of Antwerp today to bolster the Allied powerhouse salient being built up in Holland against Adolf Hitler's northern defenses.

At the same time French infantry fighting along the ridges of the Vosges at the southern end of the Allied line outflanked the village of Vionville at the entrance to the 15-mile-long Bussang pass which opens out on the Rhine floor only seven miles from Mulhouse.

**Seize Two Passes**

The Americans of the Seventh Army on the latter front also captured Bruyeres, 13 miles east of Epinal, in a further stab at two more passes leading through the Vosges to the Rhine flatlands around Colmar and Strasbourg.

The First U. S. Army, holding more than half of Aachen, struggled slowly through mountains of debris in an effort to extinguish the last sparks of resistance in that Siegfried line city.

The British Second Army, fighting to clear out the Germans west of the Maas (Meuse) along the Reich border fronting the Holland salient made slow progress, almost bogged down by mud, and stiff German resistance.

The Canadian attack, sprung at 7:30 a. m., was launched from an area about eight miles north of Antwerp along the railroad and

highway leading north to Rosendaal and Rotterdam.

Canadian forces were reported stepping up their attacks on pocketed Germans blocking Allied use of Antwerp's docks, but Berlin speculated that Gen. Dwight D. Eisenhower might not wait for opening of this supply port to begin a heavy new drive into the Reich.

**Penetrate Breskens**

A late dispatch said the Canadians had penetrated Breskens, across the Schelde estuary from flooded Walcheren island in Holland. Another column was said to have splashed three miles through the marshes to within a mile of Oostburg, squarely in the center of the dwindling German pocket.

Some German radio commentators for days have been asserting the Allied command could not begin an attempt to break through into the heart of Germany until clearing of the Schelde sector opened up Antwerp to funnel in supplies. But last night they began reversing their field.

One even saw the possibility of another seaborne landing in the Rotterdam area of Holland north of the Schelde estuary.

From eastern Holland, AP War Correspondent Ned Nordness, with the British Second Army, reported that British troops on the Maas river front were stopped cold along the Venray-Ambera road last night by wet and muddy ground, entrenched German infantry and machine-gun and bazooka positions.

### U. S. Will Strangle Black Dragon Of Jap Militarism

(By The Associated Press)

Washington, Oct. 20.—President Roosevelt hailed the invasion of the Philippines today with the assertion that "we have the will and the power" to teach Japan "the cost of treachery and deceit."

With our Allies, he said, "We shall teach this lesson so that Japan will never forget it."

As American troops plunged into the Central Philippines, Mr. Roosevelt in a statement promised freedom to the islands as soon as General MacArthur's forces clear out the Japanese, saying:

"We shall free the enslaved peoples. We shall restore stolen goods and looted wealth to their rightful owners. We shall strangle the Black Dragon of Japanese militarism forever."

The President declared that "We have learned our lesson about Japan. We trusted her and treated her with the decency due a civilized neighbor. We were fooled by her. The price of the lesson was high. Now we are going to teach Japan her lesson."

The Philippine invasion redeems the pledge made when American troops surrendered on Corregidor and marks another "way station on the road to Japan," he said, adding:

"We promised to return, we have returned."

In a message to General Mac-

Arthur, the President said: "You have the nation's gratitude and the nation's prayers for success as you and your men fight your way back to Bataan. The whole American nation today exults at the news that the gallant men under your command have landed on Philippine soil."

Mr. Roosevelt noted in the statement that "we have landed in the Philippines to redeem the pledge we made two years ago when the last American troops surrendered on Corregidor after five months and 28 days of bitter resistance against overwhelming enemy strength."

"Nowhere," he continued, "has the desire to avenge their comrades been stronger than among the forces of the Southwest Pacific. Leyte is another rung in the long ladder General MacArthur's men have been climbing for two years."

In messages to Admirals Chester W. Nimitz and William F. Halsey, Jr., the Chief Executive said "your fine cooperation with Gen. MacArthur furnishes another example of teamwork and the effective and intelligent use of all weapons."

The President in another message asked President Osmena to tell the Philippine people that "When the Japanese invaders have been driven out, the Philippines will take their place as a free and independent member of the family of nations."

## Powerful Invasion Forces Establish 3 Strong Beachheads; Jap Empire Severed

### Veterans Of Corregidor and President Osmena, Of Philippines, Land With General MacArthur; Mighty Naval And Air Armadas Control Entire Area

New York, Oct. 20 (AP)—An American network pool broadcast recorded by NBC direct from Leyte island at noon today (EWT) said that "our troops are having a tough time and are being subjected to heavy mortar and artillery fire. But then no one expected this to be an easy operation," the broadcaster added.

(By The Associated Press)

General MacArthur's Headquarters, Philippines, Oct. 20. Gen. Douglas MacArthur landed powerful invasion forces today in the heart of the Philippines, splitting in half Japan's defenses in that archipelago and fulfilling a vow made more than two years ago that "I shall return."

The ground forces, put ashore in Leyte gulf from a huge convoy under a terrific naval and air bombardment, quickly seized three strong beachheads along 11 miles of Leyte island's east coast.

Going ashore with MacArthur was every able-bodied survivor of Corregidor. Sergio Osmena, successor to the late Manuel Quezon as President of the Philippine Commonwealth, also landed.

While men and supplies poured in to meet an estimated 225,000 Japanese in the Philippines under Field Marshal Juichi Terauchi, President Roosevelt messaged from Washington:

**415 Miles From Manila**

"The whole American nation today exults at the news that the gallant men under your command have landed on Philippine soil."

The Leyte landings put the invaders within 415 miles of Manila to the northwest and marked an advance of 600 miles north from MacArthur's base at Morotai.

Front line dispatches said the Leyte landings were preceded three days ago by landings on small islands guarding the entrance to Leyte gulf and mine-sweeping operations of the gulf to make it safe for the passage of convoys.

MacArthur said the invaders comprised Lt. Gen. Walter Krueger's Sixth U. S. Army and units from the Central Pacific. Without further identification, frontline dispatches of Associated Press correspondents specified these participants:

The First Cavalry Division; the Seventh Division; the 96th Division.

**Japs Taken By Surprise**

The Japanese, expecting landings to the south at Mindanao were so completely surprised that beachheads in the Tacloban area "were secured with small casualties," stated today's special communique issued from the field of operations.

Fulfilling his promise, made two years and seven months ago when he took sad leave of the islands that "I shall return," MacArthur went back aboard a warship. It was part of a giant convoy, sailing from New Guinea, which stretched out further than the eye could see.

The American Navy, in unchallenged strength, ruled the invasion scene and the seas about it.

Allied airforces virtually monopolized the skies.

"In a major amphibious operation, we have seized the eastern coast of Leyte island in the Philippines, 600 miles north of Morotai and 2,500 miles from Milne Bay (New Guinea) from where our offensive started nearly 16 months ago," the communique stated.

**Heavy Sea And Air Attack**

"This point of entry in the Visayas (group of islands of which Leyte is one) is midway between Luzon (site of Manila) and Mindanao and at one stroke splits in two the Japanese forces in the Philippines x x x

"The landing was preceded by heavy naval and air bombardment which was devastating in effect."

Participating in the preparatory blows were carrier planes of Adm. William F. Halsey's Third Fleet which since Oct. 9 destroyed more than 1,300 Japanese aircraft, sank 86 ships and damaged 127 more in forays extending from the Ryukyus within 200 miles of Japan south across Formosa into the Philippines.

The U. S. Seventh Fleet, elements of the Third Fleet and an Australian squadron made up the naval forces in the invasion.

"Air support was given by Navy carrier forces, by the Far East Airforce and by the Royal Australian Airforce," the communique said.

**Result Will Be Decisive**

"The strategic result of capturing the Philippines will be decisive," General MacArthur pointed out in the communique. "The enemy's so-called Greater East Asia Co-Prosperity Sphere will be cut in two. His conquered empire to the south, comprising the Dutch East Indies and the British possessions of Borneo, Malaya and Burma will be severed from Japan proper. The great flow of transportation and supply upon which Japan's vital war industry depends will be cut as will the counter supply of his forces to the south."

"A half million men will be cut off without hope of support and with ultimate destruction at the leisure of the Allies, a certainty in the broad strategic conception."

The Japanese landed on Luzon Dec. 9, 1941 after air raid

Seriously wounded in France in July, Pfc. Melvin P. Oyler, 21-year-old son of Mr. and Mrs. Lester Oyler, 141 Hanover street, was slightly wounded in action in Germany on September 29, the War department notified the parents by telegram this morning.

Pfc. Oyler, who fights with an infantry division of the First Army, was wounded first on July 11 in France and spent four weeks in a military hospital in France. The parents here received weekly reports on his condition and were notified when he returned to duty four weeks to the day after he was injured.

The last letter the Oylers had from their son was written from Belgium on September 10 and told of having received 10 letters and a package there on his twenty-first birthday anniversary, September 7.

**Has Purple Heart**  
The Gettysburg soldier was issued the Purple Heart medal after he was wounded in July and sent the medal home to his parents.

### RED CROSS IN NEED OF FIFTY BLOOD DONORS

A call for "at least 50 new blood donors" was issued today by the Blood Donor Service committee of the local Red Cross chapter for the next Donor Day in Gettysburg, Friday, November 3, as the local leaders pointed to the Philippine invasion and the bloody fighting on the western front as evidences of the urgent need for plasma for fighting men.

The Harrisburg Blood Donor center has told the local unit they will accommodate "as many donors as we can get" at Gettysburg on November 3. Previously the local unit was asked to produce 160 pints of blood on each monthly visit but now the Red Cross staff from Harrisburg will come prepared to handle any number of donors that reports at the local center in the College Lutheran church basement.

**Shortage Of Doctors**

Radford H. Lippy, local Donor Service chairman, said that he has been notified that a shortage of Navy doctors will reduce the number of future visits by the blood receiving unit. December and January visits will have to be omitted. The next tentative date is Monday, February 19. Unless more Navy doctors become available, the visits may be reduced to two each six months instead of coming here monthly, Mr. Lippy has been advised.

Twenty new donors already have been listed for the November visit but at least 50 more can be used.

National Red Cross has pointed out that the volume of blood donations must be increased to meet increased demands and to supply the improved facilities for getting blood and plasma to the battlefronts. Whole blood is now being flown from New York and Washington Red Cross blood donor centers to European battlefronts.

### "I Have Returned"

(By The Associated Press)  
"I have returned," General Douglas MacArthur told the Filipino people in a broadcast today calling upon them to "rise and strike" the Japanese.

Here is the text of his broadcast over the "Voice of Freedom" radio, as reported by the Office of War Information:  
"This is the voice of freedom. General MacArthur speaking: 'People of the Philippines: I have returned. By the grace of Almighty God our forces stand again on Philippine soil—soil consecrated in the blood of our two peoples. We have come, dedicated and committed, to the task of destroying every vestige of enemy control over your daily lives, and of restoring, upon a foundation of indestructible strength, the liberties of your people.'

"At my side is your President, Sergio Osmena, worthy successor of that great patriot, Manuel Quezon, with members of his cabinet. The seat of your government is now therefore firmly re-established on Philippine soil.

"The hour of your redemption is here. Your patriots have demonstrated an unwavering and resolute devotion to the principles of freedom that challenges the best that is written on the pages of human history. I now call upon your supreme effort that the enemy may know from the temper of an aroused and outraged people within that he has a force to contend with no less violent than is the force committed from without.

"Rally to me. Let the indomitable spirit of Bataan and Corregidor lead on. As the lines of battle roll forward to bring you within the zone of operations, rise and strike! Strike at every favorable opportunity. For your homes, and hearts, strike! For future generations of your sons and daughters, strike! In the name of your sacred dead, strike! Let no heart be faint. Let every arm be steered. The guidance of Divine God points the way. Follow in His name to the holy grail of righteous victory!"

### AACHEN FALLS

(By The Associated Press)  
London, Oct. 20.—Front line broadcasts announced today the capture of Aachen by the U. S. First Army on the 12th day of the American battle for the German city of 165,000.

By ALEX H. SINGLETON

London, Oct. 20 (AP)—Canadian infantry and armor struck out in a new offensive through the mud and marshland north of Antwerp today to bolster the Allied powerhouse salient being built in Holland against Adolf Hitler's northern defenses.

At the same time French infantry fighting along the ridges of the Vosges at the southern end of the Allied line outflanked the village of Ventron at the entrance to the 15-mile-long Bussang pass which opens out on the Rhine floor only seven miles from Mulhouse.

**Seize Two Passes**

The Americans of the Seventh Army on the latter front also captured Bruyeres, 13 miles east of Epinal, in a further stab at two more passes leading through the Vosges to the Rhine flatlands around Colmar and Strasbourg.

The First U. S. Army, holding more than half of Aachen, struggled slowly through mountains of debris in an effort to extinguish the last sparks of resistance in that Siegfried line city.

The British Second Army, fighting to clear out the Germans west of the Maas (Meuse) along the Reich border fronting the Holland salient made slow progress, almost bogged down by mud, and stiff German resistance.

The Canadian attack, sprung at 7:30 a. m., was launched from an area about eight miles north of Antwerp along the railroad and

### U. S. Will Strangle Black Dragon Of Jap Militarism

(By The Associated Press)  
Washington, Oct. 20.—President Roosevelt hailed the invasion of the Philippines today with the assertion that "we have the will and the power" to teach Japan "the cost of treachery and deceit."

With our Allies, he said, "We shall teach this lesson so that Japan will never forget it."

As American troops plunged into the Central Philippines, Mr. Roosevelt in a statement promised freedom to the islands as soon as General MacArthur's forces clear out the Japanese, saying:

"We shall free the enslaved peoples. We shall restore stolen goods and looted wealth to their rightful owners. We shall strangle the Black Dragon of Japanese militarism forever."

The President declared that "We have learned our lesson about Japan. We trusted her and treated her with the decency due a civilized neighbor. We were fooled and betrayed. The price of the lesson was high. Now we are going to teach Japan her lesson."

The Philippine invasion redeems the pledge made when American troops surrendered on Corregidor and marks another "way station on the road to Japan," he said, adding: "We promised to return, we have returned."

### Powerful Invasion Forces Establish 3

### Strong Beachheads; Jap Empire Severed

### Veterans Of Corregidor and President Osmena, Of Philippines, Land With General MacArthur; Mighty Naval And Air Armadas Control Entire Area

New York, Oct. 20 (AP)—An American network pool broadcast recorded by NBC direct from Leyte island at noon today (EWT) said that "our troops are having a tough time and are being subjected to heavy mortar and artillery fire. But then no one expected this to be an easy operation," the broadcaster added.

(By The Associated Press)

General MacArthur's Headquarters, Philippines, Oct. 20—Gen. Douglas MacArthur landed powerful invasion forces today in the heart of the Philippines, splitting in half Japan's defenses in that archipelago and fulfilling a vow made more than two years ago that "I shall return."

The ground forces, put ashore in Leyte gulf from a huge convoy under a terrific naval and air bombardment, quickly seized three strong beachheads along 11 miles of Leyte island's east coast.

Going ashore with MacArthur was every able-bodied survivor of Corregidor. Sergio Osmena, successor to the late Manuel Quezon as President of the Philippine Commonwealth, also landed.

While men and supplies poured in to meet an estimated 225,000 Japanese in the Philippines under Field Marshal Juichi Terauchi, President Roosevelt messaged from Washington:

**415 Miles From Manila**

"The whole American nation today exults at the news that the gallant men under your command have landed on Philippine soil."

The Leyte landings put the invaders within 415 miles of Manila to the northwest and marked an advance of 600 miles north from MacArthur's base at Morotai.

Front line dispatches said the Leyte landings were preceded three days ago by landings on small islands guarding the entrance to Leyte gulf and mine-sweeping operations of the gulf to make it safe for the passage of convoys.

MacArthur said the invaders comprised Lt. Gen. Walter Krueger's Sixth U. S. Army and units from the Central Pacific. Without further identification, frontline dispatches of Associated Press correspondents specified these participants:

The First Cavalry Division; the Seventh Division; the 96th Division.

**Japs Taken By Surprise**

The Japanese, expecting landings to the south at Mindanao were so completely surprised that beachheads in the Tacloban area "were secured with small casualties," stated today's special communique issued from the field of operations.

Fulfilling his promise, made two years and seven months ago when he took leave of the islands that "I shall return," MacArthur went back aboard a warship. It was part of a giant convoy, sailing from New Guinea, which stretched out further than the eye could see.

The American Navy, in unchallenged strength, ruled the invasion scene and the seas about it.

Allied airforces virtually monopolized the skies.

"In a major amphibious operation, we have seized the eastern coast of Leyte island in the Philippines, 600 miles north of Morotai and 2,500 miles from Milne bay (New Guinea) from where our offensive started nearly 16 months ago," the communique stated.

**Heavy Sea And Air Attack**

"This point of entry in the Visayas (group of islands of which Leyte is one) is midway between Luzon (site of Manila) and Mindanao and at one stroke splits in two the Japanese forces in the Philippines x x x

"The landing was preceded by heavy naval and air bombardment which was devastating in effect."

Participating in the preparatory blows were carrier planes of Adm. William F. Halsey's Third Fleet which since Oct. 9 destroyed more than 1,300 Japanese aircraft, sank 86 ships and damaged 127 more in forays extending from the Ryukyus within 200 miles of Japan south across Formosa into the Philippines.

The U. S. Seventh Fleet, elements of the Third Fleet and an Australian squadron made up the naval forces in the invasion.

"Air support was given by Navy carrier forces, by the Far East Airforce and by the Royal Australian Airforce," the communique said.

**Result Will Be Decisive**

"The strategic result of capturing the Philippines will be decisive," General MacArthur pointed out in the communique.

"The enemy's so-called Greater East Asia Co-Prosperity Sphere will be cut in two. His conquered empire to the south, comprising the Dutch East Indies and the British possessions of Borneo, Malaya and Burma will be severed from Japan proper. The great flow of transportation and supply upon which Japan's vital war industry depends will be cut as will the counter supply of his forces to the south.

"A half million men will be cut off without hope of support and with ultimate destruction at the leisure of the Allies, a certainty in the broad strategic conception."

# MENU COVERS FOR ARMY MADE BY HI STUDENTS

Three hundred menu covers for the Christmas dinner of the Navy have been made this year by 95 students at Gettysburg high school. Mrs. W. J. Stanton, art instructor in the local public schools, announced today.

# RED ASSAULTS CRUSH ENEMY ON BIG FRONT

By DANIEL DE LUCE  
Moscow, Oct. 20 (AP) — Multiple Russian offensives were reported smashing Nazi resistance today along a battle line forged across virtually all of Europe from southern Yugoslavia to the Baltic, where the Germans have announced the loss of the East Prussian town of Bydtau to a tremendous Red Army invading pre-war Germany.

The Soviet war communique neither confirmed nor denied the German admission of the capture of the little fortress town inside the Reich, but it described further Red Army successes in Poland, Lithuania, Czechoslovakia, Hungary and Yugoslavia, where the complete liberation of Belgrade appeared imminent.

The Berlin radio announced today that German troops have evacuated Debrechen in the great battle on the approaches to Budapest in Hungary.

Important Rail Center  
The German military communique, Col. Ernst von Hammer, said: "Debrechen was evacuated after violent house to house battles. The enormous scale of this battle is indicated by the high number of 418 Russian tanks destroyed within 12 days."

Debrechen, a rail center of about 122,000 population, is located 116 miles east of Budapest.

Russians reported taking 10,000 prisoners during the last six days in the Debrechen area.

Beyond the fact that Gen. Ivan D. Cherniakhovskiy for months has been preparing an assault into East Prussia from frontier bases between Schirwindt and Suwalki, no details were immediately available in Moscow on a Soviet offensive which the German high command said had driven several miles toward the East Prussian capital of Koenigsberg.

The flanks of Malinovsky's army and that of Col. Gen. Ivan Petrov met in northern Transylvania as the Russians continued to clean out disorganized German units from eastern Czechoslovakia.

Russian and Yugoslav partisan shock brigades moved through Belgrade, exterminating remaining suicide squads of German machine-gunners.

It is a roundtrip of approximately 1,000 miles to both Stuttgart and Nurnberg. A few German night fighters were seen but there were few combats.

## RED ASSAULTS CRUSH ENEMY ON BIG FRONT

By DANIEL DE LUCE

**Moscow, Oct. 20 (AP)**—Multiple Russian offensives were reported smashing Nazi resistance today along a battle line forged across virtually all of Europe from southern Yugoslavia to the Baltic, where the Germans have announced the loss of the East Prussian town of Eydtkau to a tremendous Red Army invading pre-war Germany.

The Soviet war communique neither confirmed nor denied the German admission of the capture of the little fortress town inside the Reich, but it described further Red Army successes in Poland, Lithuania, Czechoslovakia, Hungary and Yugoslavia, where the complete liberation of Belgrade appeared imminent.

The Berlin radio announced today that German troops have evacuated Debrecen in the great battle on the approaches to Budapest in Hungary.

## Important Rail Center

The German military commentator, Col. Ernst von Hammer, said: "Debrecen was evacuated after violent house to house battles. The enormous scale of this battle is indicated by the high number of 418 Russian tanks destroyed within 12 days."

Debrecen, a rail center of about 122,000 population, is located 116 miles east of Budapest.

Russians reported taking 11,000 prisoners during the last six days in the Debrecen area.

Beyond the fact that Gen. Ivan D. Chernakhovsky for months has been preparing an assault into East Prussia from frontier bases between Schirwindt and Suwalki, no details were immediately available in Moscow on a Soviet offensive which the German high command said had driven several miles toward the East Prussian capital of Konigsberg.

The flanks of Malinovsky's army and that of Col. Gen. Ivan Petrov met in northern Transylvania as the Russians continued to clean out disorganized German units from eastern Czechoslovakia.

Russian and Yugoslav partisan shock brigades moved through Belgrade, exterminating remaining suicide squads of German machine-gunners.

## British Flyers Lambast Stuttgart

**London, Oct. 20 (AP)**—The RAF made a shattering double-header attack last night on Stuttgart, one of the main centers of electrical engineering industries in Germany, with two large forces of Halifaxes and Lancasters pounding the city four hours apart.

A third large scale attack was carried out simultaneously on Nurnberg, another engineering center, and a lighter raid was made on Wiesbaden in the Rhineland. More than 1,000 bombers participated in the four attacks. It is a roundtrip of approximately 1,000 miles to both Stuttgart and Nurnberg. A few German night fighters were seen but there were few combats.

## To Train Allies For Street Fights

**London, Oct. 20 (AP)**—Allied troops are going to be trained in street fighting apparently as preparation for battling Hitler's new guerrilla army.

The training program will be carried out in the Battersea district of southwest London—a congested district of workers' houses and factories.

The whole area has been badly blitzed and looks like a German city or town might look after an Allied shelling and bombing.

Important Rail Center  
The German military commentator, Col. Ernst von Hammer, said: "Debrechen was evacuated after violent house to house battles. The enormous scale of this battle is indicated by the high number of 418 Russian tanks destroyed within 12 days."

Debrechen, a rail center of about 122,000 population, is located 116 miles east of Budapest.

Russians reported taking 11,000 prisoners during the last six days in the Debrechen area.

Beyond the fact that Gen. Ivan D. Cherniakhovsky for months has been preparing an assault into East Prussia from frontier bases between Schirwindt and Suwalki, no details were immediately available in Moscow on a Soviet offensive which the German high command said had driven several miles toward the East Prussian capital of Konigsberg.

The flanks of Malinovsky's army and that of Col. Gen. Ivan Petrov met in northern Transylvania as the Russians continued to clean out disorganized German units from eastern Czechoslovakia.

Russian and Yugoslav partisan shock brigades moved through Belgrade, exterminating remaining suicide squads of German machine-gunners.

It is a roundtrip of approximately 1,000 miles to both Stuttgart and Nurnberg. A few German night fighters were seen but there were few combats.

The training program will be carried out in the Battersea district of southwest London—a congested district of workers' houses and factories.

The whole area has been badly blitzed and looks like a German city or town might look after an Allied shelling and bombing.

# LIGHTS FAIL; GRID GAME TO BE REPLAYED

Arrangements were completed this morning to replay the Biglerville-Red Lion high school football game Saturday afternoon at 2:30 o'clock at Red Lion after a failure in the portable lighting system caused the game to be called with three minutes remaining in the first half at Biglerville Thursday evening.

A breakdown in the generator brought about an abrupt conclusion to Thursday's tilt with Red Lion high leading 6-0. The system had failed earlier in the game but was repaired and the game continued. It was found impossible to correct the trouble with the generator in the second attempt.

## Reduce Admission

Arthur Gordon, athletic director at Biglerville high school, announced today that a reduction in admission charge will be in effect for the game next Thursday evening with Lower Paxton in order to recompense fans for Thursday's abbreviated tussle.

Coach "Hen" Bream's boys appeared on a touchdown drive in the second period and had rolled up two straight first downs when the lights failed and the game terminated.

Officials for the game were: Referee, Doremus; umpire, Mitchell; headlinesman, Smith.

Rome, Oct. 20 (AP)—British troops have occupied Thebes, 32 miles northwest of Athens, while German troops harassed by Greek guerrillas have speeded up their withdrawal from northern Greece toward Yugoslavia, Allied headquarters announced today.

The Germans yesterday acknowledged withdrawal from Thebes. Its occupation put British units roughly 75 airline miles from the area in which German columns were last reported fleeing.

There was no indication in the Allied communique whether advance British elements had made any contact with the retreating Nazis.

The communique reported that civilian relief measures are being started at Athens despite heavy demolitions in Piraeus harbor which are causing some delay in unloading food and supplies from ships.

# Grid Game To Be Played Monday

For the second straight week inclement weather has caused a postponement of a football game on the Gettysburg high school football field.

# MAROON SCRUBS PLAY 7-7 TIE WITH HANOVER

The Gettysburg high school jayvees and Hanover junior high school football teams battled to a 7-7 tie Thursday evening under the lights at Hanover.

Using a series of devastating end runs, Hanover trailed in the first period when Louey circled end on a short run for a tally. Rightmure place kicked the extra point.

Coach Haehnel's lads came right back and marched 60 yards for a tally in the second period. Wolfgang going over from the 10-yard line standing up. A pass, Hershey to F. Rodgers, was good for the extra point.

## Make Other Threats

Each team made serious bids to score in the last half, the Maroons moving to the Hanover 20-yard mark before being stopped while Hanover reached the locals' 25 in the final round before rickling the ball a few plays before the end of the game.

As a whole Coach Haehnel's lads played much better ball than in their previous game and put up a highly credible showing against a much heavier outfit. The strong play of the center of the line was outstanding while the backs played well in all departments.

Next Friday afternoon the Biglerville high reserves will be played at Biglerville.

# DOUG RETURNS IN PREVIEW OF MORE TO COME

By J. M. ROBERTS, JR.  
(Substituting for Dewitt Mackenzie)  
General MacArthur returns to the Philippines with his usual flair for both confounding the enemy and staging a good show.

Striking with what Churchill calls "trifling" force sufficient to give the Japanese a preview of what to expect against additional islands—his homeland, for instance—old "I will return" has by-passed strong enemy bases on southern Mindanao to obtain immediate objectives at minimum cost.

Even this force, however, is only a part of that available. The real, few days should provide a clearer view of what impends. It seems likely, however, that the Leyte action is designed primarily to obtain airfields from which to dominate the entire archipelago. One field, near Tacloban, is almost in sight, and flatlands in the area offer plenty of room for more.

## New Technique

MacArthur developed a unique system of warfare in New Guinea with his specially-trained Army "amphibs." These units operate their own landing craft to strike quickly at relatively small strength at key coastal points. They drive the enemy back from the coast, cut off his supply routes and leave him to the jungle. Beachheads thus established immediately become bases for more of the same.

By this system the 6th Army and others which will follow may establish quickly a series of bases which will resemble, offhand, an aimlessly laid string of pearls, but which will choke all Japanese strength south of Luzon, where the principal battles between real armies can be expected.

Larger forces with formal naval support will be required at some points, principally Davao, Cebu, Negros, and Mindanao, which could contain air bases. Samar is so rough the coastal "pearls" probably will contain it, like numerous smaller islands.

## Luzon Is Next

The alternative would seem to be a direct massed assault on Luzon as soon as overwhelming air support from ground bases has been provided. As the Japanese did in 1941-42, this would leave most of the central and southern archipelago to dry up on the vine. But then, we had far less than the 225,000 men they are estimated to have now, and more caution may be necessary.

One thing we have that the Japanese did not, however, may prove of great importance. That is our carefully pre-arranged organization of native guerrillas and American survivors. It may be a principal factor in MacArthur's reported optimism regarding a comparatively

# Tropical Storm Now Diminishing

Charleston, S. C., Oct. 20 (AP)—A tropical hurricane which killed at least 26 persons and caused untold property damage in Florida and Cuba, apparently was diminishing in force early today as it moved northward along the Atlantic coast.

The Washington weather bureau in a 3 a. m. (EWT) advisory predicted flood tides by noon today at places in the Carolinas, but said they would subside rapidly as the center of the disturbance passed.

Three hours later, a bulletin located the center of the storm about 40 miles east southeast of Columbia, S. C., moving north-northeastward at 20 miles an hour. It was expected to reach Raleigh, N. C., by midafternoon.

Two persons were dead and damage unofficially estimated at \$20,000,000 was inflicted on the citrus crop in Florida as the hurricane swept across the state from the populous Sarasota-Tampa-St. Petersburg area on the west coast to Jacksonville on the east.

rapid conquest, reducing the time ratio from that required on other bitterly defended islands already taken.

That every able-bodied veteran of Bataan and Corregidor has been summoned to participate in MacArthur's revenge is a typical bit of Olympian justice. These men carry a mental picture of their comrades struggling northward after the bloody Bataan defeat, staggering beneath the blows of Japanese sabers, gripped by hunger, dying of unended wounds and disease, choking as their sadistic captors drained canteens which they were not allowed to touch. It will not be nice for the Japanese who oppose these men on the road back.

## LIGHTS FAIL; GRID GAME TO BE REPLAYED

Arrangements were completed this morning to replay the Biglerville-Red Lion high school football game Saturday afternoon at 2:30 o'clock at Red Lion after a failure in the portable lighting system caused the game to be called with three minutes remaining in the first half at Biglerville Thursday evening.

A breakdown in the generator brought about an abrupt conclusion to Thursday's tilt with Red Lion high leading 6-0. The system had failed earlier in the game but was repaired and the game continued. It was found impossible to correct the trouble with the generator in the second attempt.

**Reduce Admission**  
Arthur Gordon, athletic director at Biglerville high school, announced today that a reduction in admission charge will be in effect for the game next Thursday evening with Lower Paxton in order to recompense fans for Thursday's abbreviated tussle.

Red Lion's touchdown came in the first period when D. Johnson scored from the 10-yard line about the middle of the quarter. The placement kick for the extra point was blocked.

Coach "Hen" Bream's boys appeared on a touchdown drive in the second period and had rolled up two straight first downs when the lights failed and the game terminated.

Officials for the game were: Referee, Doremus; umpire, Mitchell; headlinesman, Smith.

## Pierre Laval Is Sentenced To Die

London, Oct. 20.—Pierre Laval has been sentenced to death in absentia by a Marseille tribunal, the Paris radio said today.

A warrant for the arrest of the Vichy chief of government, now either sheltering with or held by the Germans, was issued by the Tribunal two weeks ago and it was stated then that he would be tried whether he was present or not.

The Algiers radio reported that Jean Galliard, former director of the newspaper "Petit Marseille" was condemned to death in absentia by the same tribunal at the same time.

## Enlistments In Air Force Reserve End

Captain Frederick W. Melin, president of the U. S. Army Air Force Examining Board, Harrisburg, announced today that enlistments in the Air Force Enlisted Reserve will be terminated at midnight on 31 October 1944.

"Every young man," stated Captain Melin, "who has qualified on the mental examination either at his school or at our headquarters in Harrisburg, is urged to come to Harrisburg immediately for his physical examination and volunteer his services for the greatest Air Force in the world, and secure training which will benefit him, not only as far as his military career is concerned, but for his later civilian life as well."

The physical examinations will be given to those boys who qualified on the mental examination, each day during the week at 8:30 a. m., with the exception of Saturday and Sunday.

## Freshmen Will Play For Revamped Lions

State College, Pa., Oct. 20 (AP)—Coach Bob Higgins said today that freshmen will supplant most of the Marine trainees on the Pennsylvania State College football team for tomorrow's game against Colgate at Hamilton, N. Y.

Earl Bruhn, brother of Milt Bruhn, Colgate line coach, is the only Marine remaining of the eight who started in Penn State's first three games. All others have gone to their homes for pre-transfer furloughs.

With Bruhn will be two Navy trainees, both of whom are slated to finish the season here. Bob Rutkowski of Natrona, Pa., and Carl Dimmerling of North Braddock, Pa., both veterans of Pacific action, will fill the guard posts.

## British Advance In Greek Drive

Rome, Oct. 20 (AP)—British troops have occupied Thebes, 32 miles northwest of Athens, while German troops harassed by Greek guerrillas have speeded up their withdrawal from northern Greece toward Yugoslavia, Allied headquarters announced today.

The Germans yesterday acknowledged withdrawal from Thebes. Its occupation put British units roughly 75 airline miles from the area in which German columns were last reported fleeing.

There was no indication in the Allied communique whether advance British elements had made any contact with the retreating Nazis.

The communique reported that civilian relief measures are being started at Athens despite heavy demolitions in Piraeus harbor which are causing some delay in unloading food and supplies from ships.

## Grid Game To Be Played Monday

For the second straight week inclement weather has caused a postponement of a football game on the Gettysburg high school football field.

Tonight's scheduled game with Delone high of McSherrystown has been postponed until Monday evening at 8 o'clock when it will be played on the local field.

A forecast of continued inclement weather for Saturday resulted in arrangements being made between Robert Sheads, athletic director at Gettysburg high school, and the Rev. Cyril Allwein, athletic director at Delone, to play the game Monday evening.

## MAROON SCRUBS PLAY 7-7 TIE WITH HANOVER

The Gettysburg high school jayvees and Hanover junior high school football teams battled to a 7-7 tie Thursday evening under the lights at Hanover.

Using a series of devastating end runs, Hanover trailed in the first period when Louey circled end on a short run for a tally. Rightmire placed kicked the extra point.

Coach Haehnlen's lads came right back and marched 60 yards for a tally in the second period, Wolfgang going over from the 10-yard line standing up. A pass, Hershey to F. Rodgers, was good for the extra point.

**Make Other Threats**  
Each team made serious bids to score in the last half, the Maroons moving to the Hanover 20-yard mark before being stopped while Hanover reached the locals' 25 in the final round before yielding the ball a few plays before the end of the game.

As a whole Coach Haehnlen's lads played much better ball than in their previous game but put up a highly credible showing against a much heavier outfit. The strong play of the center of the line was outstanding while the backs played well in all departments.

Next Friday afternoon the Biglerville high reserves will be played at Biglerville.

## SCHOOL TEAMS FACE CRUCIAL GRID CONTESTS

Harrisburg, Oct. 20 (AP)—The spotlight in this week's Pennsylvania scholastic football picture swings to the midwest where Huntington, unbeaten and unscored upon, battles Lewistown in a top-flight western conference scrap.

Two other important conference games are also on tap. State College entertains Phillipsburg and Somerset, unbeaten in conference ranks, travels to Ebensburg.

Westmont, which also sports a perfect conference record, meets Indiana at home in a non-league contest.

Johnstown, bumped from the WPIAL class AA race last week by Monessen, will be on the rebound this week against Jeanette, one of six surviving contenders for the double-A crown. Another survivor, Altoona, meets Greensburg in a test of strength.

**Canaries Seek Revenge**  
Ellwood City needs a win over Alliquippa and Donora must take the measure of Brownsville to remain in the running for WPIAL championship honors.

Allentown Canaries, favorites to win the big fifteen crown, play a non-league game this week against Phillipsburg, N. J. This out-of-state squad was the last team to hand Allentown a set-back, and the Canaries are out for revenge. Williamsport also plays out of the conference against Scranton Tech, after chalking up three league wins.

Other big 15 teams see league action, however, with Reading going to Bethlehem, Pottsville to Easton, Shamokin to Hazleton, John Harris to York, Sunbury to Lebanon, and Steelton to William Penn of Harrisburg.

Lansford has a chance of extending its winning streak to 19 games at the expense of West Hazleton in an eastern conference tilt. Blakely needs a triumph over West Scranton to remain near the top in the northern loop of the conference, while Hanover township steps out of league ranks to meet Myers of Wilkes-Barre.

**Other Grid Contests**  
In the northwest corner of the state, Erie academy faces Cathedral prep after receiving a severe set-back last week at Ashtabula, O. Erie strong Vincent and Erie Tech clash Saturday night, and Erie East journeys across the state line to meet Louisville, O.

Other games that will share a portion of the limelight this week include Warren at Bradford, Dubois at Meadville, Greenville at Oil City, and Johnstown at Punxsutawney, in the west and midwest; and Mt. Carmel at Shenandoah, Nesquehoning at Tamaqua, Coughlin at Berwick, Montoursville at Northumberland and Hanover at Chambersburg.

## All-Civilian Teams In Gridiron Clash

Philadelphia, Oct. 20 (AP)—The two all-civilian football teams of Syracuse and Temple universities meet here tonight with the Owls holding a pre-game underdog rating. Figuring prominently in the game will be two halfbacks—Temple's Jimmy Wilson who has rolled up 371 yards in three games and Syracuse's Arden McConnell, said to be one of the fastest ball carriers in the east.

It will be Syracuse's first football game in Philadelphia.

## ALLIES ENTER CESENA, ITALY

Rome, Oct. 20 (AP)—British and Indian troops have entered Cesena, former German administration center on the main Bologna-Rimini highway in the Adriatic sector, Allied headquarters announce today while other Eighth Army troops made additional progress in bitter fighting in the mountainous areas southwest of the town.

Cesena, Forl Province town on the historic Emilian way, is 12 miles southeast of the town of Forl and about 20 miles inland from the Adriatic.

Headquarters said the bridgehead across the Pisciatello river has reached a depth of two miles and has been joined with a bridgehead farther to the west established three days ago.

South of the Emilian way Celin-cordia has been captured and farther west several villages and hills have been cleared of the enemy

south of Galeata, the communique said.  
The heaviest fighting in the central sector in the Po valley drive was reported in the vicinity of Monte Belmonte and on Route 65, north of Pogglioli. The Germans were putting in heavy counter-attacks from their positions at Monte Belmonte, using tanks, mortar and artillery fire.

American armored units have reached Marano on the Pistoia-Bologna road west of Highway 65.

## LIGHTS FAIL; GRID GAME TO BE REPLAYED

Arrangements were completed this morning to replay the Biglerville-Red Lion high school football game Saturday afternoon at 2:30 o'clock at Red Lion after a failure in the portable lighting system caused the game to be called with three minutes remaining in the first half at Biglerville Thursday evening.

A breakdown in the generator brought about an abrupt conclusion to Thursday's tilt with Red Lion high leading 6-0. The system had failed earlier in the game but was repaired and the game continued. It was found impossible to correct the trouble with the generator in the second accident.

### Reduce Admission

Arthur Gordon, athletic director at Biglerville high school, announced today that a reduction in admission charge will be in effect for the game next Thursday evening with Lower Paxton in order to recompense fans for Thursday's abbreviated tussle.

Red Lion's touchdown came in the first period when D. Johnson scored from the 10-yard line about the middle of the quarter. The placement kick for the extra point was blocked.

Coach "Hen" Bream's boys appeared on a touchdown drive in the second period and had rolled up two straight first downs when the lights failed and the game terminated.

Officials for the game were: Referee, Doremus; umpire, Mitchell; headlinesman, Smith.

## Pierre Laval Is Sentenced To Die

London, Oct. 20.—Pierre Laval has been sentenced to death in absentia by a Marseille tribunal, the Paris radio said today.

A warrant for the arrest of the Vichy chief of government, now either sheltering with or held by the Germans, was issued by the Tribunal two weeks ago and it was stated then that he would be tried whether he was present or not.

The Algiers radio reported that Jean Galliard, former director of the newspaper "Petit Marseillais" was condemned to death in absentia by the same tribunal at the same time.

## Enlistments In Air Force Reserve End

Captain Frederick W. Melin, president of the U. S. Army Air Force Examination Board, Harrisburg, announced today that enlistments in the Air Force Enlisted Reserve will be terminated at midnight on 31 October 1944.

"Every young man," stated Captain Melin, "who has qualified on the mental examination either at his school or at our headquarters in Harrisburg, is urged to come to Harrisburg immediately for his physical examination and volunteer his services for the greatest Air Force in the world, and secure training which will benefit him, not only as far as his military career is concerned, but for his later civilian life as well."

The physical examinations will be given to those boys who qualified on the mental examination, each day during the week at 8:30 a. m., with the exception of Saturday and Sunday.

## Freshmen Will Play For Revamped Lions

State College, Pa., Oct. 20 (AP)—Coach Bob Higgins said today that freshmen will supplant most of the Marine trainees on the Pennsylvania State College football team for tomorrow's game against Colgate at Hamilton, N. Y.

Earl Bruhn, brother of Milt Bruhn, Colgate line coach, is the only Marine remaining of the eight who started in Penn State's first three games. All others have gone to their homes for pre-transfer furloughs.

With Bruhn will be two Navy trainees, both of whom are slated to finish the season here. Bob Rutkowski of Natrona, Pa., and Carl Dimmerling of North Braddock, Pa., both veterans of Pacific action, will fill the guard posts.

## British Advance In Greek Drive

Rome, Oct. 20 (AP)—British troops have occupied Thebes, 32 miles northwest of Athens, while German troops harassed by Greek guerrillas have speeded up their withdrawal from northern Greece toward Yugoslavia, Allied headquarters announced today.

The Germans yesterday acknowledged withdrawal from Thebes. Its occupation put British units roughly 75 airline miles from the area in which German columns were last reported fleeing.

There was no indication in the Allied communique whether advance British elements had made any contact with the retreating Nazis.

The communique reported that civilian relief measures are being started at Athens despite heavy demolitions in Piraeus harbor which are causing some delay in unloading food and supplies from ships.

## Grid Game To Be Played Monday

For the second straight week inclement weather has caused a postponement of a football game on the Gettysburg high school football field.

Tonight's scheduled game with Delone high of McSherrystown has been postponed until Monday evening at 8 o'clock when it will be played on the local field.

A forecast of continued inclement weather for Saturday resulted in arrangements being made between Robert Sheads, athletic director at Gettysburg high school, and the Rev. Cyril Allwein, athletic director at Delone, to play the game Monday evening.

## MAROON SCRUBS PLAY 7-7 TIE WITH HANOVER

The Gettysburg high school Jayvees and Hanover junior high school football teams battled to a 7-7 tie Thursday evening under the lights at Hanover.

Using a series of devastating end runs, Hanover trailed in the first period when Louey circled end on a short run for a tally. Rightmire place kicked the extra point.

Coach Haehnlen's lads came right back and marched 60 yards for a tally in the second period, Wolfgang going over from the 10-yard line standing up. A pass, Hershey to F. Rodgers, was good for the extra point.

### Make Other Threats

Each team made serious bids to score in the last half, the Maroons moving to the Hanover 20-yard mark before being stopped while Hanover reached the locals' 25 in the final round before yielding the ball a few plays before the end of the game.

As a whole Coach Haehnlen's lads played much better ball than in their previous game and put up a highly credible showing against a much heavier outfit. The strong play of the center of the line was outstanding while the backs played well in all departments.

Next Friday afternoon the Biglerville high reserves will be played at Biglerville.

The lineups: Gettysburg LE—Angelo, LT—Sanders, LG—Hartman, C—Cole, RG—Sheffer, RT—Sharrah, RE—Stultz, QB—Cromwell, LH—F. Rodgers, RH—Hershey, FB—Wolfgang. Hanover E. Miller, Cline, Price, Reese, Mummert, Moore, Louey, Gobrecht, Krinzer.

Score by periods: Gettysburg 7 0 0—7, Hanover 7 0 0—7. Touchdowns, Louey, Wolfgang. Points after touchdown, Rightmire, placement kick, F. Rodgers, pass. Substitutions—Gettysburg, Taylor, McLaughlin, Schmidt, Bucher; Hanover, Rightmire.

## SCHOOL TEAMS FACE CRUCIAL GRID CONTESTS

Harrisburg, Oct. 20 (AP)—The spotlight in this week's Pennsylvania scholastic football picture swings to the midwest where Huntington, unbeaten and unscored on, battles Lewistown in a top-flight western conference scrap.

Two other important conference games are also on tap. State College entertains Phillipsburg and Somerset, unbeaten in conference ranks, travels to Ebensburg.

Westmont, which also sports a perfect conference record, meets Indiana at home in a non-league contest.

Johnstown, bumped from the WPTAL class AA race last week by Monessen, will be on the rebound this week against Jeanette, one of six surviving contenders for the double-A crown. Another survivor, Altoona, meets Greensburg in a test of strength.

### Canaries Seek Revenge

Elwood City needs a win over Alliquipp and Donora must take the measure of Brownsville to remain in the running for WPTAL championship honors.

Allentown Canaries, favorites to win the big fifteen crown, play a non-league game this week against Phillipsburg, N. J. This out-of-state squad was the last team to hand Allentown a set-back, and the Canaries are out for revenge. Williamsport also plays out of the conference against Scranton Tech, after chalking up three league wins.

Other big 15 teams see league action, however, with Reading going to Dethlehem, Pottsville to Easton, Shamokin to Hazleton, John Harris to York, Sunbury to Lebanon, and Steelton to William Penn of Harrisburg.

Lansford has a chance of extending its winning streak to 19 games at the expense of West Hazleton in an eastern conference title. Blakely needs a triumph over West Scranton to remain near the top in the northern loop of the conference, while Hanover township steps out of league ranks to meet Myers of Wilkes-Barre.

### Other Grid Contests

In the northwest corner of the state, Erie academy faces Cathedral prep after receiving a severe setback last week at Ashtabula, O. Erie strong Vincent and Erie Tech clash Saturday night, and Erie East journeys across the state line to meet Louisville, O.

Other games that will share a portion of the limelight this week include Warren at Bradford, Dubois at Meadville, Greenville at Oil City, and Johnsonburg at Punxsutawney, in the west and midwest; and Mt. Carmel at Shenandoah, Nesquehoning at Tamaqua, Coughlin at Berwick, Montoursville at Northumberland and Hanover at Chambersburg.

## ARMY, NAVY, ILLINOIS ARE PICKED TO WIN

New York, Oct. 20 (AP)—A little more confident after picking the Cards to beat the Browns in the World Series, we return to the weekly gridiron guessing game with the hopes that we'll be somewhere close to last week's performance of pinch hitter Fritz Howell. He came up with 38 wins, three defeats and one tie.

Navy, Georgia Tech—Navy. Great Lakes-Ohio State—Ohio State. Wisconsin-Notre Dame—Notre Dame. Illinois-Pittsburgh—Illinois. Brown-Holy Cross—Holy Cross. Purdue-Iowa—Purdue. U. S. Coast Guard-Army—Army. Indiana-Northwestern—Indiana. Alabama-Tennessee—Alabama. Penn State-Colgate—Penn State. Friday games: Michigan—State over Maryland, Boston college over New York Univ. and Temple over Syracuse.

On Saturday it'll be: West Virginia over Bethany, Lafayette over Lehigh, Villanova over Muhlenberg, Cornell over Sampson Naval base, William and Mary over Richmond.

All-Civilian Teams In Gridiron Clash

Philadelphia, Oct. 20 (AP)—The two all-civilian football teams of Syracuse and Temple universities meet here tonight with the Owls holding a pre-game underdog rating. Temple has a weight advantage in the line, averaging 199 pounds to the Orange's 183 but the backfields are about even with the Owls holding a one-pound edge, 179 to 178.

Figuring prominently in the game will be two halfbacks—Temple's Jimmy Wilson who has rolled up 371 yards in three games and Syracuse's Arden McConnell, said to be one of the fastest ball carriers in the east.

It will be Syracuse's first football game in Philadelphia.

## DOUG RETURNS IN PREVIEW OF MORE TO COME

By J. M. ROBERTS, JR. (Substituting for Dewitt Mackenzie) General MacArthur returns to the Philippines with his usual flair for both confounding the enemy and staging a good show.

Striking with what Churchill calls "trifling" force sufficient to give the Japanese a preview of what to expect against additional islands—his homeland, for instance—old "I will return" has by-passed strong enemy bases on southern Mindanao to obtain immediate objectives at minimum cost.

Even this force, however, is only a part of that available. The next few days should provide a clearer view of what impends. It seems likely, however, that the Leyte action is designed primarily to obtain airfields from which to dominate the entire archipelago. One field, near Tacloban, is almost in sight, and flatlands in the area offer plenty of room for more.

### New Technique

MacArthur developed a unique system of warfare in New Guinea with his specially-trained Army "amphibs." These units operate their own landing craft to strike quickly in relatively small strength at key coastal points. They drive the enemy back from the coast, cut off his supply routes and leave him to the jungle. Beachheads thus established immediately become bases for more of the same.

By this system the 6th Army and others which will follow may establish quickly a series of bases which will resemble, offhand, an aimlessly laid string of pearls, but which will choke all Japanese strength south of Luzon, where the principal battles between real armies can be expected.

Larger forces with formal naval support will be required at some points, principally Davao, Cebu, Negros, and Mindoro, which could contain air bases. Samar is so rough the coastal "pearls" probably will contain it, like numerous smaller islands.

### Luzon Is Next

The alternative would seem to be a direct massed assault on Luzon as soon as overwhelming air support from ground bases has been provided. As the Japanese did in 1941-42, this would leave most of the central and southern archipelago to dry up on the vine. But then we had far less than the 225,000 men they are estimated to have now, and more caution may be necessary.

One thing we have that the Japanese did not, however, may prove of great importance. That is our carefully pre-arranged organization of native guerrillas and American survivors. It may be a principal factor in MacArthur's reported optimism regarding a comparatively

## Tropical Storm Now Diminishing

Charleston, S. C., Oct. 20 (AP)—A tropical hurricane which killed at least 26 persons and caused untold property damage in Florida and Cuba, apparently was diminishing in force early today as it moved northward along the Atlantic coast.

The Washington weather bureau, in a 3 a. m. (EWT) advisory predicted flood tides by noon today at places in the Carolinas, but said they would subside rapidly as the center of the disturbance passed.

Three hours later, a bulletin located the center of the storm about 40 miles east southeast of Columbia, S. C., moving north northeastward at 20 miles an hour. It was expected to reach Raleigh, N. C., by midafternoon.

Two persons were dead and damage unofficially estimated at \$20,000,000 was inflicted on the citrus crop in Florida as the hurricane swept across the state from the populous Sarasota-Tampa-St. Petersburg area on the west coast to Jacksonville on the east.

rapid conquest, reducing the time ratio from that required on other bitterly defended islands already taken.

That every able-bodied veteran of Bataan and Corregidor has been summoned to participate in MacArthur's revenge is a typical bit of Olympian justice. These men carry a mental picture of their comrades trudging northward after the bloody Bataan defeat, staggering beneath the blows of Japanese sabers, gripped by hunger, dying of untended wounds and disease, choking as their sadistic captors drained canteens which they were not allowed to touch. It will not be nice for the Japanese who oppose these men on the road back.

With President and Mrs. Hoover to applaud them, joining the on-lookers of more than 30,000 fans, the Athletics for the second straight game demonstrated their unconquerable spirit by rebuffing to win after the second game seemed hopeless.

"The People's Friend" is here once more.

Again he goes from door to door; Again he settles down at night. Nice letters to us all to write. His party? Little matters that! Republican or Democrat, Ask what you will, to campaign end. He'll promise as "The People's Friend."

Would you be rid of jangled nerves. Just write for him or him he serves. Would you be taxed a little less, In life find more of happiness, Have meat and butter every day—Catered by the OPA—What's wrong with everything around? Then listen to "The People's Friend."

### Today's Talk

**ONE'S LIFE WORK**  
That one who has found his work—that which he can do best and be happiest in doing—is indeed fortunate. The one thing that keeps so many young people from being happy and satisfied in what they do, is that they are not willing to do the thing for which they are best suited, by nature and background.

Too many aim to do something that has appealed to them because of the success in such a thing by someone else for whom they may have admiration or affection. There is no stigma attached to any sort of work that is honest and of use.

Nearly all of us are called upon to do many unpleasant things until we reach that for which we are best suited and from which we can gain the most personal happiness. It all takes time. It's not a matter of years. Many have done their greatest work before thirty, and many have only started it at forty. It isn't the starting that counts most, but the finish! So, it doesn't pay to get discouraged because the progress is slow and discouraging.

One's life work is a thing of personal choice, but that choice should be made with great reservations. Not merely to make money, not merely to get attention and court the deceptive smile of fame, not merely to beat another at a game—but to soothe and satisfy the one within, to serve faithfully one's highest resolves to be true to one's self, and to glorify life by choosing to do the thing that counts most for happiness and usefulness.

To truly live is a serious undertaking, but it should entail enthusiasm and joy, and all efforts should be attempted with courage and high resolve—many things being done for the pure pleasure of having done them well—and many of them having been performed just a little better than anyone else before.

Without talent, without jealousy, in a free spirit, all work in life should be done. Whether humbly in the minor parts, or in the more responsible calls, credit is proportional to the heart that is put into one's work. But, as Stevenson once wrote, "to miss the joy is to miss all!"

With President and Mrs. Hoover to applaud them, joining the applause of more than 30,000 fans, the Athletics for the second straight game, demonstrated their unconquerable spirit by rallying to win after the second game seemed hopelessly lost.

## Just Folks

THE PEOPLE'S FRIEND  
"The People's Friend" is here once more.

Again he goes from door to door; Again he settles down at night. Nice letters to us all to write. His party? Little matters that! Republican or Democrat, Ask what you will, to campaign end, He'll promise as, "The People's Friend."

Would you be rid of jangled nerves, Just vote for him or her he serves. Would you be taxed a little less, In life find more of happiness, Have meat and butter every day—Unrationed by the OPA—What's wrong with everything amend? Then listen to "The People's Friend."

Once more at luncheon clubs he'll stand, To take a bow and get a hand; "The People's Friend" will rant and rave

The country, state and town to save, Lest some for evil signs may search, He'll go to Sunday School and church. But when has passed election year, "The People's Friend" will disappear.

## Today's Talk

## ONE'S LIFE WORK

That one who has found his work—that which he can do best and be happiest in doing—is indeed fortunate. The one thing that keeps so many young people from being happy and satisfied in what they do, is that they are not willing to do the thing for which they are best suited, by nature and background.

Too many aim to do something that has appealed to them because of the success in such a thing by someone else for whom they may have admiration or affection. There is no stigma attached to any sort of work that is honest and of use.

Nearly all of us are called upon to do many unpleasant things until we reach that for which we are best suited and from which we can gain the most personal happiness. It all takes time, it's not a matter of years. Many have done their greatest work before thirty, and many have only started it at forty. It isn't the starting that counts most, but the finish! So, it doesn't pay to get discouraged because the progress is slow and discouraging.

One's life work is a thing of personal choice, but that choice should be made with great reservations. Not merely to make money, not merely to get attention and court the deceptive smile of fame, not merely to beat another at a game—but to soothe and satisfy the one within, to serve faithfully one's highest resolves, to be true to one's self, and to glorify life by choosing to do the thing that counts most for happiness and usefulness.

To truly live is a serious undertaking, but it should entail enthusiasm and joy, and all efforts should be attempted with courage and high resolve—many things being done for the pure pleasure of having done them well—and many of them having been performed just a little better than anyone else before.

Without rancor, without jealousy, in a free spirit, all work in life should be done. Whether humbly in the minor parts, or in the more responsible calls, credit is proportional to the heart that is put into one's work. But, as Stevenson once wrote, "to miss the joy is to miss all!"

Tomorrow Mr. Adams will talk on the subject: "Pure Sentiment"

**FOWL**—Cocker, 25-25c. Leghorns, 15-20c.

**CATTLE**—Steers and cows again predominated the cattle receipts at the close of the week. Good slaughter steers were in minority, about 25 per cent of the run being common and medium grades. There was hardly any local demand for slaughter steers, the bulk of the receipts going to outside interests. Trading was very slow and prices steady to weak as compared with Wednesday. Top price of the day was \$15 paid for a lot of good around 1,000 pounds. Several loads of good grassers and short-feds, \$14-14.50, \$14.75 being the lot lot top; medium to good arrivals, \$11.50-12.50; common weighty steers, \$9.50-11; a few cutters downward to \$8. At the close of trading there were a few loads of medium and good steers in first hands.

Heifers slow and steady with Wednesday. A few good arrivals brought \$13; the bulk of receipts common and medium grades, \$9-12.50. Cow trading on opening prices moderately active and prices steady with Wednesday. However, at the close prices sagged 25c, on common and medium grades, while the outlet for canners and cutters practically vanished. Common and medium beef cows, largely \$8-11; fat dairy-bred, \$10 down; canners and cutters on opening roundly \$7.50-8.50; canners as low as \$4. Bulls active and steady with Wednesday. A few beef bulls sold at \$11.50-12; top \$14.50, \$11.50-12.50; supply, \$8-10.50. Extreme lightweights downward to \$7.

Stocks and feeder trade active and steady with Wednesday. A small lot of choice around 800 pound feeder steers brought \$12.25; medium and good, \$10-11.50; culls around \$8, with extreme quality down to \$6. Weighty slaughter calves sold with practically no available outlet; a few sales of medium and good 200-450 pounds, \$10-12.50. Compared with week ago: Feeder steady, weighty slaughter calves steady, \$10-12.50; culls higher; stockers and feeders fully steady.

**CALVES**—Vealers active and steady with Wednesday. Good and choice 120-250 pounds, \$15 to mainly \$16; common and medium, \$9.50-14.50; culls around \$8, with extreme quality down to \$6. Weighty slaughter calves sold with practically no available outlet; a few sales of medium and good 200-450 pounds, \$10-12.50. Compared with week ago: Feeder steady, weighty slaughter calves steady, \$10-12.50; culls higher; stockers and feeders fully steady.

**HOGS**—Early clearance in the hog division indicated an active trading; prices unchanged from Wednesday due to limitations. Good and choice 160-240 lb barrows and gilts sold from \$15.05-15.30, latter the ceiling. Equal grades, \$13.50-14.50; 140-160 pounds, \$14.25-14.50; 140-160 pounds, \$14.75-15; 241-300 pounds, \$14.25-14.50; good smooth sows up to 400 pounds, \$13.20-14.10; over 400 pounds selling for less. Above prices based on grain-fed hogs. Cows pared with week ago: Barrows, gilts and sows unchanged.

**SHEEP**—Fat lambs opened slow and a few sales were steady with Wednesday, however, mid-section and closing sales were 50c lower and trading only moderately active at the decline. The practical top and popular price lowered to \$14.50; bulk of the good and choice woolled lambs, 70 pounds and up, \$14-15; few early \$15 up to \$15; common and medium grades declined and brought \$9-12; culls around \$7. Slaughter ewes scarce, prices unchanged from Wednesday. A few choice arrivals, \$5.50. Bulk of the supply graded medium and good \$3-5; culls as low as \$1.50. Compared with week ago: Fat lambs, 1st lower; slaughter ewes steady.

## POOR OLD DOBBIN

Carrollton, Ill., Oct. 20 (AP)—Dobbin's favorite parking place in Carrollton for the last 100 years, a hitching rack which surrounds court house square, is on the way out.

Proposals to remove the relic of horse and buggy days have been before the county board of supervisors many times in the last 20 years, but always there were sufficient protests to keep it. Latest hearing on the proposal brought no objections.

## FARM CENSUS TO BE TAKEN EARLY IN 1945

By JAMES MARLOW

Washington, Oct. 20 (AP)—Right after Jan. 1, an army of 26,000 men and women—armed with 195 questions—will set out to visit every farm in this country to get basic information on agriculture.

They are census takers. The only figure they want are farm figures. They will ask questions like these:

Name of the owner, number of people living on the farm, number of people employed, wages, crop and livestock production, and value of land, buildings, machinery.

This census has been taken every five years since 1840. The history of the census is a history of a dwindling farm population. More than 74 per cent of the labor force was supported on farms in 1820, less than 18 per cent in 1940.

In the 34 years since 1910—while the total U. S. population increased more than 40 million—the farm population has decreased 4 million. Farms have become fewer but larger.

## Important Census

Yet monthly census figures show that this nation's farms—since 1910—with 1,500,000 fewer workers have upped production more than 30 per cent.

This has been due to more acreage planted and greater use of machines. But this census probably will be one of the most important ever taken.

Here are a couple of reasons why: Between now and the next census this peak production may not be necessary and probably won't be. The government will have to know something about its farms and farmers in planning for those leaner years ahead because farm prosperity is tied in with the rest of the country's well-being.

Another thing: returning soldiers may want farms. The census will provide information that will help guide them.

The census will show what kind, and how much, of farm machinery is needed and should be made; what wages are being paid to farm workers in relation to city workers.

## Dewey To Attack FDR's Labor Policy

En Route with Dewey to Pittsburgh, Oct. 20 (AP)—The presidential campaign appeared to have reached the free-for-all stage today as Gov. Thomas E. Dewey prepared a new attack in a Pittsburgh speech tonight on what he has called President Roosevelt's "one man government" and the President readied an answer.

Scheduled to arrive at Pittsburgh at noon, the Republican Presidential nominee made last-hour revisions of an address Paul Lockwood, his secretary, said would deal with "what happens to free labor under personal, one-man government and what labor in America has a right to look forward to under a new administration."

This forecast the same sort of rolling barrage that the New York Governor laid down against the New Deal administration in his Wednesday night indictment in New York city of President Roosevelt's handling of foreign affairs. And there were indications that Mr. Roosevelt would counter-attack briskly in a speech Saturday night at a dinner there of the foreign policy association.

## RATIONING IN FRANCE SEVERE

Paris, Oct. 20 (AP)—The American housewife who has trouble keeping track of her red and blue points can thank her stars she does not live in France, where rationing seems to be a cross between a jigsaw puzzle and a lottery.

For the last four years every essential item of foodstuffs, plus clothing, fuel and wine has been rationed under a system which, to the neophyte, appears to be the world's most complicated.

The system has pyramided to a point where it is a major book-keeping job just to keep the various rationing cards, coupons and tickets in fairly understandable order.

Merely having a rationing card isn't enough. One must have coupons with the correct numbers and correct colors to fit a given situation at a given time in a given location.

Acute shortages of foodstuffs are responsible for the complicated procedure. Theoretically one should be able to enter a store, surrender the proper coupon and walk home with the family dinner. But the supplies have never been enough to go around and sometimes haven't existed at all.

So authorities can redeem only a portion of the coupons outstanding. Hence, by a sort of lottery system, coupons are declared valid by groups and areas.

And by the way—there are special tickets for children, infants, pregnant women and for men engaged in manual labor.

## FOLKS SMOKING TOO MANY FAGS

New York, Oct. 20 (AP)—There probably will be almost as many cigarettes made for domestic consumption this year as in 1943.

"What about the cigarette shortage?" you ask. The cigarette industry simply answers: "Americans are smoking at the fastest rate in history—that's why there's a shortage."

The National Association of Tobacco Distributors, Inc., and other trade sources today gave this picture of estimated output for domestic consumption:

Production could range as high as 262,000,000,000 cigarettes in 1944 but will be pared several billions by manpower shortages and other factors. The final figure will be close to the 257,500,000,000 made in 1943 and will compare with 243,500,000,000 in 1942.

## Billions Overseas

Besides this, total overseas shipments of tax-free cigarettes to the armed forces will be about 63,000,000,000 in 1944, against 32,000,000,000 in 1943 and approximately 6,000,000,000 in 1942.

Although there will be almost as many cigarettes produced for domestic use this year, so-called popular brands will be scarcer because soldiers and sailors overseas have first call.

Still more tobacco is earmarked for lend-lease and export. Amounting to about half that set aside for domestic use. Such stocks will total the equivalent of 141,000,000,000 cigarettes for the year ending June 30, 1945, against 106,125,000,000 the preceding year.

More sources expect the shortage to continue for at least two or three months. Government officials have said the scarcity should not grow any worse.

## GERMANS QUIT BORDER TOWN

London, Oct. 20 (AP)—Germany announced today the evacuation of the East Prussian border town of Eydtkuhnen and said the Russians were hurling tremendous infantry and tank forces against the Junkers' province to achieve a "grand scale break through at all costs."

Berlin tacitly acknowledged in Wednesday's communiqué that the great new Russian offensive had plunged across the East Prussia border, and reached another frontier town of Schirwindt, nine miles northeast of Eydtkuhnen. Moscow has not yet announced the drive.

Eydtkuhnen is 37 miles east of the major Prussian rail center of Insterburg on the trunk highway and railroad from Kaunas, Lithuania. It is 87 miles east of Königsberg, capital of East Prussia and a German submarine training station. Eydtkuhnen is a town of about 5,000 and the first German settlement which the Nazis have abandoned.

## Battle Tempo Rising

"The battle is rising in intensity and taking on greater proportions," the Berlin radio said. "The Russians have brought up most of their forces from Finland and Estonia and flung them into the fray."

"The Soviets are employing their old tactics of blasting a way for their infantry through German positions with massed use of artillery and bombers," said Col. Ernst Von Hammer, Nazi commentator. He asserted that the defenses of East Prussia were "very elastic and deeply staggered." He said 257 Russian tanks had been destroyed in three days.

## FARM CENSUS TO BE TAKEN EARLY IN 1945

By JAMES MARLOW

Washington, Oct. 20 (AP)—Right after Jan. 1, an army of 26,000 men and women—armed with 195 questions—will set out to visit every farm in this country to get basic information on agriculture.

They are census takers. The only figures they want are farm figures. They will ask questions like these:

Name of the owner, number of people living on the farm, number of people employed, wages, crop and livestock production, and value of land, buildings, machinery.

This census has been taken every five years since 1840. The history of the census is a history of a dwindling farm population. More than 74 per cent of the labor force was supported on farms in 1820, less than 18 per cent in 1940.

In the 34 years since 1910—while the total U. S. population increased more than 40 million—the farm population has decreased 4 million. Farms have become fewer but larger.

**Important Census**

Yet monthly census figures show that this nation's farms—since 1910—with 1,500,000 fewer workers have upped production more than 30 per cent.

This has been due to more acreage planted and greater use of machines. But this census probably will be one of the most important ever taken.

Here are a couple of reasons why: Between now and the next census this peak production may not be necessary and probably won't be. The government will have to know something about its farms and farmers in planning for those leaner years ahead because farm prosperity is tied in with the rest of the country's well-being.

Another thing: returning soldiers may want farms. The census will provide information that will help guide them.

The census will shot what kind, and how much, of farm machinery is needed and should be made; what wages are being paid to farm workers in relation to city workers.

## Dewey To Attack FDR's Labor Policy

En Route with Dewey to Pittsburgh, Oct. 20 (AP)—The presidential campaign appeared to have reached the free-for-all stage today as Gov. Thomas E. Dewey prepared a new attack in a Pittsburgh speech tonight on what he has called President Roosevelt's "one man government" and the President readied an answer.

Scheduled to arrive at Pittsburgh at noon, the Republican Presidential nominee made last-hour revisions of an address Paul Lockwood, his secretary, said would deal with "what happens to free labor under personal, one-man government and what labor in America has a right to look forward to under a new administration."

This forecast the same sort of rolling barrage that the New York Governor laid down against the New Deal administration in his Wednesday night indictment in New York city of President Roosevelt's handling of foreign affairs. And there were indications that Mr. Roosevelt would counter-attack briskly in a speech Saturday night at a dinner there of the foreign policy association.

## RATIONING IN FRANCE SEVERE

Paris, Oct. 20 (AP)—The American housewife who has trouble keeping track of her red and blue points can thank her stars she does not live in France, where rationing seems to be a cross between a jigsaw puzzle and a lottery.

For the last four years every essential item of foodstuffs, plus clothing, fuel and wine has been rationed under a system which, to the neophyte, appears to be the world's most complicated.

The system has pyramided to a point where it is a major book-keeping job just to keep the various rationing cards, coupons and tickets in fairly understandable order.

Merely having a rationing card isn't enough. One must have coupons with the correct numbers and correct colors to fit a given situation at a given time in a given location.

Acute shortages of foodstuffs are responsible for the complicated procedure. Theoretically one should be able to enter a store, surrender the proper coupon and walk home with the family dinner. But the supplies have never been enough to go around and sometimes haven't existed at all.

So authorities can redeem only a portion of the coupons outstanding. Hence, by a sort of lottery system, coupons are declared valid by groups and areas.

And by the way—there are special tickets for children, infants, pregnant women and for men engaged in manual labor.

## FOLKS SMOKING TOO MANY FAGS

New York, Oct. 20 (AP)—There probably will be almost as many cigarettes made for domestic consumption this year as in 1943.

"What about the cigarette shortage?" you ask. The cigarette industry simply answers: "Americans are smoking at the fastest rate in history—that's why there's a shortage."

The National Association of Tobacco Distributors, Inc., and other trade sources today gave this picture of estimated output for domestic consumption:

Production could range as high as 262,000,000 cigarettes in 1944 but will be pared several billions by manpower shortages and other factors. The final figure will be close to the 257,500,000 made in 1943 and will compare with 243,500,000 in 1942.

**Billions Overseas**

Besides this, total overseas shipments of tax-free cigarettes to the armed forces will be about 63,000,000 in 1944, against 32,000,000 in 1943 and approximately 6,000,000 in 1942.

Although there will be almost as many cigarettes produced for domestic use this year, so-called popular brands will be scarce because soldiers and sailors overseas have first call.

Still more tobacco is earmarked for lend-lease and export. Amounting to about half that set aside for domestic use. Such stocks will total the equivalent of 141,000,000 cigarettes for the year ending June 30, 1945, against 166,125,000 the preceding year.

More sources expect the shortage to continue for at least two or three months. Government officials have said the scarcity should not grow any worse.

## GERMANS QUIT BORDER TOWN

London, Oct. 20 (AP)—Germany announced today the evacuation of the East Prussian border town of Eydtkuhnen and said the Russians were hurling tremendous infantry and tank forces against the Junkers' province to achieve a "grand scale break through at all costs."

Berlin tacitly acknowledged in Wednesday's communique that the great new Russian offensive had plunged across the East Prussia border and reached another frontier town of Schirwindt, nine miles northeast of Eydtkuhnen. Moscow has not yet announced the drive.

Eydtkuhnen is 37 miles east of the major Prussian rail center of Insterburg on the trunk highway and railroad from Kaunas, Lithuania. It is 87 miles east of Königsberg, capital of East Prussia and a German submarine training station. Eydtkuhnen is a town of about 5,000 and the first German settlement which the Nazis have abandoned.

**Battle Tempo Rising**

"The battle is rising in intensity and taking on greater proportions," the Berlin radio said. "The Russians have brought up most of their forces from Finland and Estonia and flung them into the fray."

"The Soviets are employing their old tactics of blasting a way for their infantry through German positions with massed use of artillery and bombers," said Col. Ernst von Hammer, Nazi commentator. He asserted that the defenses of East Prussia were "very elastic and deeply staggered." He said 257 Russian tanks had been destroyed in three days.

With all registrations for November voting closing Saturday at noon, clerks in the commissioners' office completed Thursday their check of the records. Of the total of 17,600 registered voters in the county the Republicans account for 9,747 while the Democratic figure stands at 7,619.

## LOCAL CAPTAIN IS GIVEN AWARD

Capt. Frank A. Conaway, Des Moines, Iowa, a member of the Army detachment at Gettysburg college, received the Infantry combat badge Thursday evening at special exercises during the formal retreat held at the rear of Huber hall by the Air Corps reserves stationed at the school.

The award, a badge of deep blue mounted with a silver rifle and surrounded by a silver wreath, was given to Captain Conaway for his service in Tunisia during the North African Campaign. Lt. Col. Frank E. Sharpless, commandant of the local post, made the presentation.

Only members of Infantry units can win the Infantry combat badge and it must be qualified for by actual combat experience. A similar award, without the wreath, is given to Infantrymen who pass existing tests in the use of Infantry weapons and tactics.

Colonel Sharpless recently received word from his son, Pfc. James R. Sharpless, now serving in Germany with Patton's army, that he had won the Infantry combat badge. Private Sharpless previously had qualified in the United States for the Infantryman's badge.

**ENLISTS IN AIR CORPS**

## Kenneth R. Downs Wounded In Hand

Sgt. Kenneth R. Downs, 21, was wounded in the hand while in action recently in Italy. His wife, the former Miss Anna G. Epler, of Thurmont, was informed officially by telegram from the War Department last Thursday evening.

Sergeant Downs is now convalescing in a base hospital in Italy. A letter written by a friend for Sergeant Downs on October 2 stated "some bones are broken but I am coming along all right and I am not going to lose any fingers." The letter indicated he was wounded September 27. He is serving with the Infantry in the Fifth Army.

The wounded soldier attended elementary schools and the high school in Frederick. He was inducted March 10, 1942, and received his training at Camp Wheeler, Ga. He went overseas last January.

Sergeant Downs is a son of Mr. and Mrs. Charles R. Downs, Thurmont. He is the father of twin sons. A brother, Pvt. Charles R. Downs, Jr., is stationed at Penn State college.

## FORMER LOCAL RESIDENT WINS 'VICTORY' CHECK

For his idea for victory, suggesting that a bright orange guide line be painted on the apron in front of ammunition storage igloos, a plan that has been estimated to save the government \$9,000 a year, Allen A. Dubbs, Sr., formerly of Gettysburg, employed in the carpentry shop of Ammunition Division at Letterkenny Ordnance Depot, was awarded a check for \$200, it has been announced by Col. Ray M. Hare, depot commanding officer.

Dubbs, who lives at Shippensburg, noticed last summer that considerable time in manhours was lost when ammunition crews attempted to back their cargo trucks up to the igloos and fit the spot where the conveyor in the igloo met the bed of the truck. In some cases, as many as 15 attempts were made to line up the truck properly.

Taking a few careful measurements, Dubbs submitted his suggestion to the Ideas for Victory committee at Letterkenny. After considerable figuring, it was discovered that the simple idea of only a four-inch marker painted in the right place saved approximately 1,500 manhours of productive time a month, almost 20,000 manhours a year, for an average of 90 trucks a day that operate in Letterkenny's ammunition storage area.

## Sons In Service

The \$200 award is the largest made to date in the depot's victory idea campaign. The check was presented to him by Lt. Col. E. L. Colbert, chief of the ammunition division.

Dubbs worked as an ammunition handler for 14 months at the depot before being transferred to the sign painting shop of the division. He has two sons in the service, Cpl. Allen A. Dubbs, Jr., on duty overseas with a field artillery unit, and William F. Dubbs, Sr., who was on a destroyer in the shelling and occupation of Sicily. Mrs. William F. Dubbs is employed in the transportation division office at Letterkenny.

Dubbs on September 21 was elected as the new commander of Oscar M. Hayes post No. 223, American Legion, at Shippensburg.

In connection with the opening of the Junior Red Cross membership campaign, Mrs. Margaret Belter, Junior Red Cross secretary, is showing a motion picture, "Hand in Hand," to the children in county schools this week and next week.

The film shows activities of Junior Red Cross groups in various schools and communities, work which is done for the National Children's Fund and the reception of gifts by children overseas. It was presented Tuesday afternoon at Fairfield. This Wednesday Mrs. Belter is in the New Oxford and Littlestown schools; Thursday in Arendtsville and Biglerville, and Friday in the Delone Catholic high school at McSherrystown. Next Monday she will be in East Berlin.

Mrs. Belter also announced today that the Junior Red Cross has shipped 50 gift boxes for children in France, Belgium and other liberated countries. Twenty of the boxes were packed by students at Gettysburg high school and two by pupils at the High Street building.

The boxes contained from 10 to 16 items each, including two cakes of soap, a toothbrush, toothpaste, comb, pencils, crayons, notebook, a toy and a handmade article. Many of the boxes had washcloths, barrettes, ribbons, neckties, handkerchiefs and similar items.

## PAYS FINE

Frank Nelson, operator of a tractor-trailer truck for C. B. Route, Kingsport, paid a \$10 fine and costs following a hearing this morning before Justice of the Peace Robert P. Snyder on a charge of reckless driving. Nelson, who gave his home state as Tennessee, was arrested on York street today by Borough Officer Clark W. Staley.

## Brothers Are Casualties

Pfc. Willis Lloyd Baker (left), 25-year-old son of Mr. and Mrs. C. Russell Baker, Gettysburg R. 1, was killed in action in France September 19. His brother, Pvt. Charles R. Baker, 21, was wounded in France, September 17. Telegrams placing their sons on the casualty list were received by Mr. and Mrs. Baker within a five-day period.

The brothers had not met in two and a half years. Both served in the infantry. Pvt. Baker has been in military service for four years. His brother entered the Army May 1, 1942.

A brother-in-law, Sgt. Edgar McDonnell, is with the First Army in Luxembourg.

## SGT. J. C. HEISER IS WOUNDED

Mr. and Mrs. Edward Heiser, Littlestown R. 1, have received a War Department telegram telling them that their son, Staff Sergeant John C. Heiser, 23, serving with the infantry in France, was seriously wounded September 24.

In a letter just received by his wife, Mrs. Gladys (Derr) Heiser, Gettysburg R. 2, Sergeant Heiser disclosed that he had been wounded in the ankle and that "several bones were broken." He is now in a hospital in England.

He entered service in July, 1942, and has been overseas since July of this year. His family believes he went to France five or six weeks ago and has been in action most of the time since reaching the combat zone.

He has two brothers in the service, one of them in France. Pfc. Edward Heiser is with a medical outfit in France and another brother, S. C. Elwood Heiser, is stationed at Jacksonville, Fla.

Sergeant Heiser and the former Miss Derr were married last November 6.

## "Maybe This Will Help"

Harold W. Wentz, recently promoted to storekeeper, third class, at the Key West Naval Base in Florida, is eager to see Adams county reach its \$29,939 quota in the War Fund drive that opens Monday "because the USO is one of the best outfits for the servicemen that I know of."

In a recent letter to his wife he said: "Kathryn, if you take that job of soliciting for the USO, make a good job of it, because they really do a fine job. Down here, we are treated better at the USO than any place that I know of. We go in there for ice cream, etc., and read all of the latest magazines. They have a piano in there and radio and nice easy chairs. It really is one of the best outfits for the servicemen that I know of. You can tell anybody that asks that I said so, too. Maybe that will help you in some way with your collecting."

Mrs. Wentz took "that job" of soliciting for the War Fund and is one of the district captains in Gettysburg.

## Mrs. Amanda Homan Marks 100th Birthday Anniversary

Adams county's oldest resident, Mrs. Amanda Homan, 344 Baltimore street, celebrated her one-hundredth birthday Wednesday.

Proud of the many greeting cards and messages of well-wishers, Mrs. Homan started confidently on her one hundred and first year. A special dinner was prepared for her by Mrs. Albert Wolford, with whom she resides, and a large birthday cake, complete with 100 candles was on the table.

Aside from the dinner, which was limited to members of the household, and visits from several friends and relatives, the rest of the day was celebrated quietly.

Mrs. Homan's health is good and she eats and sleeps "like normal." She very seldom gets a cold and has been up and about at least part of every day for the last two years.

## Spent Life In Community

Although her eyes are not good enough for reading, she still is able to see the passers-by on Baltimore street and enjoys that pastime. She often sings and hums church hymns and old tunes to pass away the time.

Born October 18, 1844, near Gettysburg on what was then the Baltimore turnpike, Mrs. Homan has lived all her life within a two-mile area of her present home.

One of eight children of the late George and Harriet Wentz Epler, she was born in the old Thomas place, just south of the National cemetery, where once a toll gate stood across the pike. Her father was a shoemaker.

## Recalls Lincoln's Visit

Her family moved into town during the battle of Gettysburg after they and the neighbors had decided the outskirts of the borough were too dangerous. With her family she went to what now is the Battle-field hotel. Upon returning to their home near town they found it "very dirty," but nothing was destroyed or stolen, Mrs. Homan recalled.

One of Mrs. Homan's most vivid recollections is the visit of Abraham Lincoln to Gettysburg November 19,

Rentzel is the first among the 39 names on the church's honor roll to be marked with a gold star. Eighteen of the group are serving overseas. Sgt. Rentzel was a member of Flier's church and a former church officer.

Sergeant Rentzel, who made his home with his brother, Ellis Rentzel, at Biglerville, served with the 80th Infantry division. He had attended Arendtsville high school, was employed by the Blue Ridge Oil company and at the Mechanicsburg Naval depot before entering the service in July, 1942. He went to England in July of this year.

This is the second time Pfc. Koontz has been wounded in action. He was wounded July 12 and was returned to the front on August 2.

## POLICE PUT OUT FIRE; RESCUE TWO CHILDREN

Discovering smoke pouring from the front of Ned's Tavern, Chambersburg street, Thursday morning about 2 o'clock as they were returning to the local substation from a midnight patrol, two state policemen broke into the taproom, extinguished the flames and rescued two young children who were coughing and reportedly almost overcome by smoke in an adjoining building.

The officers, Pts. Harold K. Trout and Robert E. Dietrich, had the flames under control with hand fire extinguishers when the Gettysburg firemen responded to an alarm turned in by a neighbor at the direction of the officers.

## Enter Through Window

Using an extinguisher they carried in the police car and pressing into use another they found in the kitchen of the tavern, the officers put out the flames after breaking open a rear window.

The flames were confined to the kitchen of the taproom. Burrell Suohi, the proprietor, said the fire may have been caused by a cigarette. A hole was burned through the floor and several bottle cases also caught fire. Suohi said smoke caused as much damage as the fire itself and estimated the loss at about \$200. He carried insurance, he said. The establishment had been closed about a half hour earlier.

Mrs. Donald Little, who lives nearby and who turned in the alarm, told the officers two young children of Mr. and Mrs. L. C. Chamberlin were alone in an apartment adjoining the taproom on the west. Private Trout forced a door and carried the children—William, aged eight, and Dolores, aged two—out of the building and turned them over to Mrs. Little. Mrs. Chamberlin said Thursday that Mrs. Little's quarters adjoin the Chamberlin residence and added that she had told Mrs. Little she was leaving the children alone.

When the officer found the pair they were coughing from the clouds of smoke that filled their rooms. The girl was said to have been nearly overcome. The mother said they are all right Thursday.

The firemen responded to the alarm but found the flames had been put out when they arrived.

## Word Is Received Of Col. Johnson

Mrs. Edwin H. Johnson, 34 East Broadway, wife of Colonel Johnson who was captured by the Japanese on the Philippines islands, received a war department telegram notifying her that word of her husband had been heard in a Japanese propaganda broadcast last week.

She has received also a number of letters from individuals, mostly from the west coast, who heard the program. The broadcast said that Colonel Johnson had received packages, letters, and snapshots from his wife, and that he was well.

It is not known whether or not Colonel Johnson actually did the speaking or whether he even wrote the talk. Mrs. Johnson has received one letter from her husband this month and received four letters in August. That was the first word she had heard from him since last December.

In the letter Mrs. Johnson received this month from her husband he said he had gotten 12 letters from her in February. They were the first word Colonel Johnson had received from his family since his capture.

## Girl Injured In Traffic Mishap

Mary Ellen Fissel, 17, 16 North Franklin street, suffered a fractured collarbone about 12:30 o'clock last Friday when she ran into the front fender of a car driven by Robert Wilson, South, Frankstown, Md., in the third block of Chambersburg street.

South was driving west on the street when Miss Fissel bumped into the fender of the car as she was running from the north to south side of the street. The driver stopped immediately and took Miss Fissel to the Warner hospital.

Borough Officer Lloyd E. Wisler investigated. No charges were laid.

## JAMISON HELD FOR EXTORTION; OPERATED HERE

George F. Jamison, a special tax collector who operated in Gettysburg several months ago and stirred a controversy in the Gettysburg borough council which led to an order for a local police investigation of his activities here, has been arrested in Brookville, Pa., for extortion, according to The Associated Press.

The dispatch on Monday from the Jefferson county town states that Jamison was employed there as a deputy tax collector for the Brookville schools. He is now free on \$500 bond after District Attorney William A. Sykes charged him with extortion in an information before Justice of the Peace Harold W. Thompson.

The information said Jamison, hired to collect delinquent per capita school taxes, mailed out 2,000 summonses listing the total taxes due and including a \$1 fee for each summons.

## No Action Here

The Associated Press quotes District Attorney Sykes as saying that such a summons served by mail is of no effect and that a fee for such is illegal.

At the June meeting of the local borough council a police investigation of the special tax collectors operating in the borough after council received from citizens a number of complaints about methods used and fees charged by the out-of-town collectors. The summonses mailed here sometime before that council session bore Jamison's name.

Police reported that they found Jamison's temporary office quarters in center square closed when they began their investigation and never located Jamison in Gettysburg. No further council action was taken in the matter.

## SGT. WARNER'S CAPTAIN PAYS HIGH TRIBUTE

High tribute is paid to Sgt. George W. Warner both as a soldier and a friend in a letter recently received by his family from Capt. Cormac F. O'Callaghan, commander of the Quartermaster company to which he was attached.

Sergeant Warner died August 7 of pneumonia. The war department reported the death occurred in a hospital in England but Capt. O'Callaghan's letter gives a military hospital in France as the place of death. The officer told the family that George had every possible care and medical aid and stated that the writer had attended rites at which Warner was buried in a military cemetery in France.

He wrote further:

"Asset to the Company"  
"Your son, George, has served with me since February, 1942. He and I served in the same company in Ireland. He and I came back to the United States and have been in the same company ever since. He has been my first cook in the company all this time, and a company could not find a better cook in the whole United States than George was. He was a distinct asset to the company."

"He was an honest, willing, and able man with a ready smile. Always when we talked he would reminisce with me of the old company in Ireland. His character was excellent. He was a very fine man and soldier who led a very good Christian life. His passing away is a great loss to the company and one that cannot easily be replaced. I informed the company of his death and we all bowed our heads in prayer for the peace and

## LOCAL CAPTAIN IS GIVEN AWARD

Capt. Frank A. Conaway, Des Moines, Iowa, a member of the Army detachment at Gettysburg college, received the infantry combat badge Thursday evening at special exercises during the formal retreat held at the rear of Huber hall by the Air Corps reserves stationed at the school.

The award, a badge of deep blue, mounted with a silver rifle and surrounded by a silver wreath, was given to Captain Conaway for his service in Tunisia during the North African Campaign. Lt. Col. Frank E. Sharpless, commandant of the local post, made the presentation.

Only members of infantry units can win the infantry combat badge and it must be qualified for by actual combat experience. A similar award, without the wreath, is given to infantrymen who pass exacting tests in the use of infantry weapons and tactics.

Colonel Sharpless recently received word from his son, Pfc. James R. Sharpless, now serving in Germany with Patton's army, that he had won the infantry combat badge. Private Sharpless previously had qualified in the United States for the infantryman's badge.

Sergeant Downs is now convalescing in a base hospital in Italy. A letter written by a friend for Sergeant Downs on October 2 stated "some bones are broken but I am coming along all right and I am not going to lose any fingers." The letter indicated he was wounded September 27. He is serving with the infantry in the Fifth Army.

The wounded soldier attended elementary schools and the high school in Frederick. He was inducted March 10, 1943, and received his training at Camp Wheeler, Ga. He went overseas last January.

## FORMER LOCAL RESIDENT WINS 'VICTORY' CHECK

For his idea for victory, suggesting that a bright orange guide line be painted on the apron in front of ammunition storage igloos, a plan that has been estimated to save the government \$9,000 a year, Allen A. Dubbs, Sr., formerly of Gettysburg, employed in the carpentry shop of Ammunition Division at Letterkenny Ordnance Depot, was awarded a check for \$200. It has been announced by Col. Ray M. Hare, depot commanding officer.

Dubbs, who lives at Shippensburg, noticed last summer that considerable time in manhours was lost when ammunition crews attempted to back their cargo trucks up to the igloos and hit the spot where the conveyor in the igloo met the bed of the truck. In some cases, as many as 15 attempts were made to line up the truck properly.

Taking a few careful measurements, Dubbs submitted his suggestion to the Ideas for Victory committee at Letterkenny. After considerable figuring, it was discovered that the simple idea of only a four-inch marker painted in the right place saved approximately 1,500 manhours of productive time a month, almost 20,000 manhours a year, for an average of 90 trucks a day that operate in Letterkenny's ammunition storage area.

## Sons In Service

The \$200 award is the largest made to date in the depot's victory idea campaign. The check was presented to him by Lt. Col. E. L. Colbert, chief of the ammunition division.

Dubbs worked as an ammunition handler for 14 months at the depot before being transferred to the sign painting shop of the division. He has two sons in the service, Cpl. Allen A. Dubbs, Jr., on duty overseas with a field artillery unit, and William F. Dubbs, Sr., who was on a destroyer in the shelling and occupation of Sicily. Mrs. William F. Dubbs is employed in the transportation division office at Letterkenny.

Dubbs on September 21 was elected as the new commander of Oscar M. Hykes post No. 223, American Legion, at Shippensburg.

Baker, 23, was wounded in France, September 17. Telegrams placing their sons on the casualty list were received by Mr. and Mrs. Baker within a five-day period.

The brothers had not met in two and a half years. Both served in the infantry. Pvt. Baker has been in military service for four years. His brother entered the Army May 1, 1942.

A brother-in-law, Sgt. Edgar McDonnell, is with the First Army in Luxembourg.

In a letter just received by his wife, Mrs. Gladys (Derr) Heiser, Gettysburg R. 2, Sergeant Heiser disclosed that he had been wounded in the ankle and that "several bones were broken." He is now in a hospital in England.

He entered service in July, 1942, and has been overseas since July of this year. His family believes he went to France five or six weeks ago and has been in action most of the time since reaching the combat zone.

He has two brothers in the service, one of them in France. Pfc. Edward Heiser is with a medical outfit in France and another brother, S. I. C. Elwood Heiser, is stationed at Jacksonville, Fla.

## "Maybe This Will Help"

Harold W. Wentz, recently promoted to storekeeper, third class, at the Key West Naval Base in Florida, is eager to see Adams county reach its \$29,959 quota in the War Fund drive that opens Monday "because the USO is one of the best outfits for the serviceman that I know of."

In a recent letter to his wife he said: "Kathryn, if you take that job of soliciting for the USO, make a good job of it, because they really do a fine job. Down here, we are treated better at the USO than any place that I know of. We go in there for ice cream, etc., and read all of the latest magazines. They have a piano in there and radio and nice easy chairs. It really is one of the best outfits for the servicemen that I know of. You can tell anybody that asks that I said so, too. Maybe that will help you in some way with your collecting."

Mrs. Wentz took "that job" of soliciting for the War Fund and is one of the district captains in Gettysburg.

## Mrs. Amanda Homan Marks 100th Birthday Anniversary

Adams county's oldest resident, Mrs. Amanda Homan, 344 Baltimore street, celebrated her one-hundredth birthday Wednesday.

Proud of the many greeting cards and messages of well-wishers, Mrs. Homan started confidently on her one hundred and first year. A special dinner was prepared for her by Mrs. Albert Wolford, with whom she resides, and a large birthday cake, complete with 100 candles was on the table.

Aside from the dinner, which was limited to members of the household, and visits from several friends and relatives, the rest of the day was celebrated quietly.

Mrs. Homan's health is good and she eats and sleeps "like normal." She very seldom gets a cold and has been up and about a large part of every day for the last two years.

**Spent Life In Community**

Although her eyes are not good enough for reading, she still is able to see the passers-by on Baltimore street and enjoys that pastime.

Born October 18, 1844, near Gettysburg on what was then the Baltimore turnpike, Mrs. Homan has lived all her life within a two-mile area of her present home.

One of eight children of the late George and Harriet Wentz Epley, she was born in the old Thomas place, just south of the National cemetery, where once a toll gate stood across the pike. Her father was a shoemaker.

**Recalls Lincoln's Visit**

Her family moved into town during the battle of Gettysburg after they and the neighbors had decided the outskirts of the borough were too dangerous. With her family she went to what now is the Battle-field hotel. Upon returning to their home near town they found it "very dirty, but nothing was destroyed or stolen," Mrs. Homan recalled.

One of Mrs. Homan's most vivid recollections is the visit of Abraham Lincoln to Gettysburg November 19,

MRS. HOMAN

1863. She saw him ride past her home on Baltimore street en route to the cemetery.

After the Civil war she married the late John Homan, who was a butcher, and they lived for many years on Baltimore street. For the last 35 years, preceding her change of residence to the Wolford home, she lived at the corner of Baltimore and South streets.

**Sister Is 97**

Her family moved west shortly after her marriage and now only one sister, Mrs. Sarah Lightner, Knoxville, Illinois, who is 97, is still living. Four of the eight brothers and sisters lived to be over 90 years old. They had moved to Nebraska, Colorado, Illinois and other parts of the west.

Although she is unable to read the numerous greetings she received she is very happy to have the expressions of friendship and wants no one to remove them from her presence. "I got so many today," she said, "that I haven't had a chance to look at them. Please don't take any of them away."

Rentzel is the first among the 39 names on the church's honor roll to be marked with a gold star. Eighteen of the group are serving overseas. Sgt. Rentzel was a member of Flohr's church and a former church officer.

Sergeant Rentzel, who made his home with his brother, Ellis Rentzel, at Biglerville, served with the 80th Infantry division. He had attended Arendtsville high school and was employed by the Blue Ridge Oil company and at the Mechanicsburg Naval depot before entering the service in July, 1942. ## POLICE PUT OUT FIRE; RESCUE TWO CHILDREN

Discovering smoke pouring from the front transom at Ned's Tavern, Chambersburg street, Thursday morning about 2 o'clock as they were returning to the local substation from a midnight patrol, two state policemen broke into the taproom, extinguished the flames and rescued two young children who were coughing and reportedly almost overcome by smoke in an adjoining building.

The officers, Pts. Harold K. Trout and Robert E. Dietrich, had the flames under control with hand fire extinguishers when the Gettysburg firemen responded to an alarm turned in by a neighbor at the direction of the officers.

**Enter Through Window**

Using an extinguisher they carried in the police car and pressing into use another they found in the kitchen of the tavern, the officers put out the flames after breaking open a rear window.

The flames were confined to the kitchen of the taproom. Burnell Buohl, the proprietor, said the fire may have been caused by a cigarette. A hole was burned through the floor and several bottles cases also caught fire. Buohl said smoke caused as much damage as the fire itself and estimated the loss at about \$200. He carried insurance, he said. The establishment had been closed about a half hour earlier.

Mrs. Donald Little, who lives nearby and who turned in the alarm, told the officers two young children of Mr. and Mrs. L. C. Chamberlin were alone in an apartment adjoining the taproom on the west. Private Trout forced a door and carried the children—William, aged eight, and Dolores, aged two—out of the building and turned them over to Mrs. Little. Mrs. Chamberlin said Thursday that Mrs. Little's quarters adjoin the Chamberlin residence and added that she had told Mrs. Little she was leaving the children alone.

When the officer found the pair they were coughing from the clouds of smoke that filled their rooms. The girl was said to have been nearly overcome. The mother said they are all right Thursday.

The firemen responded to the alarm but found the flames had been put out when they arrived.

## Word Is Received Of Col. Johnson

Mrs. Edwin H. Johnson, 34 East Broadway, wife of Colonel Johnson who was captured by the Japanese on the Philippines islands, received a war department telegram notifying her that word of her husband had been heard in a Japanese propaganda broadcast last week.

She has received also a number of letters from individuals, mostly from the west coast, who heard the program. The broadcast said that Colonel Johnson had received packages, letters, and snapshots from his wife, and that he was well.

It is not known whether or not Colonel Johnson actually did the speaking or whether he even wrote the talk. Mrs. Johnson has received one letter from her husband this month and received four letters in August. That was the first word she had heard from him since last December.

In the letter Mrs. Johnson received this month from her husband he said he had gotten 12 letters from her in February. They were the first word Colonel Johnson had received from his family since his capture.

## Girl Injured In Traffic Mishap

South was driving west on the street when Miss Fissel bumped into the fender of the car as she was running from the north to south side of the street. The driver stopped immediately and took Miss Fissel to the Warner hospital.

Only members of infantry units can win the infantry combat badge and it must be qualified for by actual combat experience. A similar award, without the wreath, is given to infantrymen who pass exacting tests in the use of infantry weapons and tactics.

# FORMER LOCAL RESIDENT WINS 'VICTORY' CHECK

For his idea for victory, suggesting that a bright orange guide line be painted on the apron in front of ammunition storage igloos, a plan that has been estimated to save the government \$9,000 a year, Allen A. Dubbs, Sr., formerly of Gettysburg, employed in the carpentry shop of Ammunition Division at Letterkenny Ordnance Depot, was awarded a check for \$200, it has been announced by Col. Ray M. Hare, depot commanding officer.

Dubbs, who lives at Shippensburg, noticed last summer that considerable time in manhours was lost when ammunition crews attempted to back their cargo trucks up to the igloos and hit the spot where the conveyor in the igloo met the bed of the truck. In some cases, as many as 15 attempts were made to line up the truck properly.

Taking a few careful measurements, Dubbs submitted his suggestion to the Ideas for Victory committee at Letterkenny. After considerable figuring, it was discovered that the simple idea of only a four-inch marker painted in the right place saved approximately 1,500 manhours of productive time a month, almost 20,000 manhours a year, for an average of 90 trucks a day that operate in Letterkenny's ammunition storage area.

# Sons In Service

The \$200 award is the largest made to date in the depot's victory idea campaign. The check was presented to him by Lt. Col. E. L. Colbert, chief of the ammunition division.

Dubbs worked as an ammunition handler for 14 months at the depot before being transferred to the sign painting shop of the division. He has two sons in the service, Cpl. Allen A. Dubbs, Jr., on duty overseas with a field artillery unit, and William F. Dubbs, Sr., who was on a destroyer in the shelling and occupation of Sicily. Mrs. William F. Dubbs is employed in the transportation division office at Letterkenny.

Dubbs on September 21 was elected as the new commander of Oscar M. Hykes post No. 223, American Legion, at Shippensburg.

# SGT. RENTZEL RITES SUNDAY

Memorial services will be held Sunday morning at 9:30 o'clock at Flohr's Lutheran church for Sgt. Leroy Rentzel, of Biglerville, who was killed in action in France, on September 16.

The Revs. Paul Gladfelter, Jacobus, York county, and the Rev. A. R. Longenecker, Gettysburg, supply pastors at Flohr's church while the pastor, the Rev. George H. Berkheimer, is absent on chaplain duty in the South Pacific, will conduct the service.

Rentzel is the first among the 39 names on the church's honor roll to be marked with a gold star. Eighteen of the group are serving overseas. Sgt. Rentzel was a member of Flohr's church and a former church officer.

Sergeant Rentzel, who made his home with his brother, Ellis Rentzel, at Biglerville, served with the 80th Infantry division. He had attended Arendtsville high school and was employed by the Blue Ridge Oil company and at the Mechanicsburg Naval depot before entering the service in July, 1942. He went to England in July of this year.

# ARRIVES OVERSEAS

Pfc. Norman R. Myers, son of Mr. and Mrs. Melvin Myers, Gettysburg, has arrived in New Guinea according to word received by his parents.

# Pfc. Eugene Koontz Wounded 2nd Time

Mr. and Mrs. J. E. Koontz, Gardeners R. 2, have received a telegram from the War Department informing them their son, Pfc. Eugene W. Koontz, was wounded September 26 in Italy.

This is the second time Pfc. Koontz has been wounded in action. He was wounded July 18 and was returned to the front on August 2.

# POLICE PUT OUT FIRE; RESCUE TWO CHILDREN

Discovering smoke pouring from the front transom at Ned's Tavern, Chambersburg street, Thursday morning about 2 o'clock as they were returning to the local substation from a midnight patrol, two state policemen broke into the taproom, extinguished the flames and rescued two young children who were coughing and reportedly almost overcome by smoke in an adjoining building.

The officers, Pvs. Harold K. Trout and Robert E. Dietrich, had the flames under control with hand fire extinguishers when the Gettysburg firemen responded to an alarm turned in by a neighbor at the direction of the officers.

# Enter Through Window

Using an extinguisher they carried in the police car and pressing into use another they found in the kitchen of the tavern, the officers put out the flames after breaking open a rear window.

The flames were confined to the kitchen of the taproom. Burnell Buohi, the proprietor, said the fire may have been caused by a cigarette. A hole was burned through the floor and several bottle cases also caught fire. Buohi said smoke caused as much damage as the fire itself and estimated the loss at about \$200. He carried insurance, he said. The establishment had been closed about a half hour earlier.

Mrs. Donald Little, who lives nearby and who turned in the alarm, told the officers two young children of Mr. and Mrs. L. C. Chamberlin were alone in an apartment adjoining the taproom on the west. Private Trout forced a door and carried the children—William, aged eight, and Dolores, aged two—out of the building and turned them over to Mrs. Little. Mrs. Chamberlin said Thursday that Mrs. Little's quarters adjoin the Chamberlin residence and added that she had told Mrs. Little she was leaving the children alone.

When the officer found the pair they were coughing from the clouds of smoke that filled their rooms. The girl was said to have been nearly overcome. The mother said they are all right Thursday.

The firemen responded to the alarm but found the flames had been put out when they arrived.

# Word Is Received Of Col. Johnson

Mrs. Edwin H. Johnson, 34 East Broadway, wife of Colonel Johnson who was captured by the Japanese on the Philippines Islands, received a war department telegram notifying her that word of her husband had been heard in a Japanese propaganda broadcast last week.

She has received also a number of letters from individuals, mostly from the west coast, who heard the program. The broadcast said that Colonel Johnson had received packages, letters, and snapshots from his wife, and that he was well.

It is not known whether or not Colonel Johnson actually did the speaking or whether he even wrote the talk. Mrs. Johnson has received one letter from her husband this month and received four letters in August. That was the first word she had heard from him since last December.

In the letter Mrs. Johnson received this month from her husband he said he had gotten 12 letters from her in February. They were the first word Colonel Johnson had received from his family since his capture.

# Girl Injured In Traffic Mishap

Mary Ellen Fissel, 17, 26 North Franklin street, suffered a fractured collarbone about 12:30 o'clock last Friday when she ran into the front fender of a car driven by Robert Wilson South, Funkstown, Md., in the third block of Chambersburg street.

South was driving west on the street when Miss Fissel bumped into the fender of the car as she was running from the north to south side of the street. The driver stopped immediately and took Miss Fissel to the Warner hospital.

Borough Officer Lloyd E. Wisler investigated. No charges were laid.

# JAMISON HELD FOR EXTORTION; OPERATED HERE

George F. Jamison, a special tax collector who operated in Gettysburg several months ago and stirred a controversy in the Gettysburg borough council which led to an order for a local police investigation of his activities here, has been arrested in Brookville, Pa., for extortion, according to The Associated Press.

The dispatch on Monday from the Jefferson county town states that Jamison was employed there as a deputy tax collector for the Brookville schools. He is now free on \$500 bond after District Attorney William A. Sykes charged him with extortion in an information before Justice of the Peace Harold W. Thompson.

The information said Jamison, hired to collect delinquent per capita school taxes, mailed out 2,000 summonses listing the total taxes due and including a \$1 fee for each summons.

# No Action Here

The Associated Press quotes District Attorney Sykes as saying that since a summons served by mail is of no effect and that a fee for such is illegal.

At the June meeting of the local borough council a police investigation of the special tax collectors operating in the borough after council received from citizens a number of complaints about methods used and fees charged by the out-of-town collectors. The summonses mailed here sometime before that council session bore Jamison's name.

Police reported that they found Jamison's temporary office quarters in center square closed when they began their investigation and never located Jamison in Gettysburg. No further council action was taken in the matter.

# SGT. WARNER'S CAPTAIN PAYS HIGH TRIBUTE

High tribute is paid to Sgt. George W. Warner both as a soldier and a friend in a letter recently received by his family from Capt. Cormac F. O'Callaghan, commander of the Quartermaster company to which he was attached.

Sergeant Warner died August 7 of pneumonia. The war department reported the death occurred in a hospital in England but Capt. O'Callaghan's letter gives a military hospital in France as the place of death. The officer told the family that George had every possible care and medical aid and stated that the writer had attended rites at which Warner was buried in a military cemetery in France.

**MAROONS WIN 1ST GRID TILT IN TWO YEARS**  
 Happy days are here again! The longest gridiron losing streak in the history of Gettysburg high school was brought to an abrupt end when the Maroons registered a 12-0 victory over Waynesboro in a Southern Pennsylvania conference game before approximately 1,100 fans. Eleven straight games had been dropped by Maroon teams since the last gridiron victory which was gained October 30, 1942, at Hershey. Dick Fidler and Milton Moyer tallied the touchdowns for the Maroons in the second and third periods. Fidler Runs 90 Yards On the last play of the first period Waynesboro was deep in Maroon territory and attempting to score from the air, a pass from Geesman found its flight interrupted by Fidler on the 10-yard line. Fidler set sail for the goal line 90 yards away with a flock of Waynesboro players in pursuit. It appeared that Fidler would be caught about 30 yards from pay dirt but he managed to sidestep and weave out of reach of a Waynesboro player and finally stumbled across the line. His placement for the extra point was low and wide. Gettysburg's second touchdown was scored early after the opening of the second half. The Tornado received the opening kickoff but was soon forced to kick, Moyer being downed on the Waynesboro 42. Eshelman whipped a pass to Rasmussen on the 25 who lateralled to Moyer who scampered to the 11-yard line before being dropped. After two line thrusts failed to gain, Eshelman passed to Rasmussen for the use of bounds just short of a first down and less than a yard from the goal line. On the next play Moyer punched through the line for a tally. Fidler's placement was blocked. Injures Knee The victory was costly to the Drymen as Don Raffenberger, scrappy center, suffered a dislocation and slight fracture of the left knee in the third period. He was taken to the Warner hospital in the ambulance where his leg was put in a cast and returned to his home. He will be out for the season. Play in the first period was confined mostly to midfield with neither team being able to generate a sustained drive. On the first play of the game after Sanders had received the kickoff on his 39, Eshelman passed to Moyer for a first down on the visitors' 40 but the Tornado quickly braced and forced the Maroons to punt. Cliff Hartman's lads kept the Maroons on the defensive throughout the entire second period during which they amassed four first downs. Gettysburg lost ground on an exchange of punts late in the quarter which gave Waynesboro the ball on the locals' 33. Geesman then passed to Hoffman for a first down on the 30 with less than three minutes of play remaining. Two snubs at the line netted four yards and then Fidler broke in with his interception and touchdown-launch to turn the tide toward a Gettysburg victory. Visitors Threaten Waynesboro's second bid for a score came about the middle of the last period. The Tornado took the ball on its own 43 on a punt and two tries by Toms made a first down on the Gettysburg 43. A pass to Geesman was good for another first down on the 19. Toms and Geesman picked up seven yards on three tries and when a pass was grounded the Maroons took over on the 12. Eshelman punted out to the 37 and then Toms punted to Baker for a first down on the 23. The rally broke down when Sachs recovered a fumble on the 22, the game ending a few plays later. The entire Gettysburg team played improved ball. Eshelman turned in a nice bit of all-around work with Rasmussen, Sanders, Keefe and Sachs putting up fine games on the forward line. Waynesboro outgained Gettysburg in first downs, 8-4. The Maroons connected on three of five passes. Waynesboro chucked 10 aerials, making good on three with one being intercepted. **"Pop" Sharpe Believed To Be Oldest Bus Driver On Duty**  
 A man who is probably the oldest bus driver on active duty in the United States continues to make his two trips daily to and from Harrisburg—a job he has been doing for the past 20 years. He is John F. Sharpe who was 70 years old the Fourth of July of this year and who has been driving for the Gettysburg - Harrisburg Transportation company since it was organized in 1922. Better known as "Pop" Sharpe, the veteran driver has been in the transportation business since the turn of the century, at which time he was operating a stage coach line between Richmond and Fannettsburg, two towns near McConnellsburg. Variety Cargoes Starting in the stage business in his early twenties, "Pop" soon built up an extensive business between the towns, which were only eight miles apart. Operating on a twice-a-day schedule he had two coaches and eight horses on the go. In addition to carrying the mail, passengers and express he also developed a freight hauling business and at one time was transporting from eight to 10 tons of freight a week. Progress continued his march through the years, however, and in 1949 "Pop" was forced to concede to its advances—he bought a bus. It was the latest deluxe model, complete with high, solid-rubber tires, chain drive, and to top it off, a two-cylinder motor. Opens New Line The same general carrying continued, with the mail and passenger-taking more prominence now. But "Pop's" ability as a driver had been heard of, and the Cumberland Valley Railroad asked him to go to Gettysburg to begin a bus line from here to Caledonia where the old trolley line continued the transportation of passengers to Chambersburg. So "Pop" sold his high-wheel bus and came eastward to "The Shrine of the Nation," "Just two days," as he recalls it, "before the Fiftieth Reunion." "I was ten years on that run to Caledonia," he said, "and used to have some pretty tough times over the mountains during the winter. But just the same I never missed a run." He frequently would have to get out and shovel a path in the snow for his bus. On one particularly snowy day it took him 11 hours to travel from Gettysburg to Caledonia, "but we made it," he smiled. He and a special crew had to shovel many sections of the highway clean to complete the 16 mile trip. Joins G. & H. Company After driving for the Cumberland Valley Railroad for about 10 years he was offered a job with the newly-formed Gettysburg - Harrisburg Transportation company, organized by the late David J. Forney, Sr., Attorney J. L. Williams and Robert C. Miller. He has been with that company ever since. He has not taken a vacation from the job—at least for not as long as he can remember, and that's a long time. Because buses must run every day in the week that makes "Pop's" working year one of 365 days. Unlike most veteran drivers, he has never kept track of the mileage travelled, passengers carried or number of trips made on his various runs. However, a little figuring would show that at the rate of two trips a day to Harrisburg for the past 20 years "Pop" has driven well in excess of a million miles on that run alone. Over Million Miles That, added to the bus travel he

MAROONS WIN  
1ST GRID TILT  
IN TWO YEARS

Happy days are here again! The longest gridiron losing streak in the history of Gettysburg high school was brought to an abrupt end when the Maroons registered a 12-0 victory over Waynesboro high in a Southern Pennsylvania conference game before approximately 1,100 fans.

Eleven straight games had been dropped by Maroon teams since the last gridiron victory which was gained October 30, 1942, at Hershey.

Dick Fidler and Milton Moyer tallied the touchdowns for the Drymen in the second and third periods.

## Fidler Runs 90 Yards

On the last play of the first period Waynesboro was deep in Maroon territory and attempting to score from the air, a pass from Geesman found its flight interrupted by Fidler on the 10-yard line. Fidler set sail for the goal line 90 yards away with a flock of Waynesboro players in pursuit. It appeared that Fidler would be caught about 30 yards from pay dirt but he managed to sidestep and weave out of reach of a Waynesboro player and finally stumbled across the line. His placement for the extra point was low and wide.

Gettysburg's second touchdown was scored early after the opening of the second half. The Tornado received the opening kickoff but was soon forced to kick. Moyer being downed on the Waynesboro 42. Haehnen whipped a pass to Rasmussen on the 25 who lateraled to Moyer who scampered to the 11-yard line before being dropped. After two line thrusts failed to gain, Haehnen passed to Rasmussen who went out of bounds just short of a first down and less than a yard from the goal line. On the next play Moyer punched through the line for a tally. Fidler's placement was blocked.

## Injures Knee

The victory was costly to the Drymen as Don Raffenberger, scrappy center, suffered a dislocation and slight fracture of the left knee in the third period. He was taken to the Warner hospital in the ambulance where his leg was put in a cast and returned to his home. He will be out for the season.

Play in the first period was confined mostly to midfield with neither team being able to generate a sustained drive. On the first play of the game after Sanders had received the kickoff on his 39, Haehnen passed to Moyer for a first down on the visitors' 40 but the Tornado quickly brazen and forced the Maroons to punt.

Cliff Hartman's lads kept the Maroons on the defensive throughout the entire second period during which they amassed four first downs. Gettysburg lost ground on an exchange of punts late in the quarter which gave Waynesboro the ball on the locals' 33. Geesman then passed to Hoffman for a first down on the 20 with less than three minutes of play remaining. Two stabs at the line netted four yards and then Fidler broke in with his interception and touchdown-jaunt to turn the tide toward a Gettysburg victory.

## Visitors Threaten

Waynesboro's second bid for a score came about the middle of the last period. The Tornado took the ball on its own 43 on a punt and two tries by Toms made a first down on the Gettysburg 43. A pass to Geesman was good for another first down on the 19. Toms and Geesman picked up seven yards on three tries and when a pass was grounded the Maroons took over on the 12. Haehnen punted out to the 37 and then Toms passed to Brake for a first down on the 23. The rally broke down when Sachs recovered a fumble on the 22, the game ending a few plays later.

The entire Gettysburg team played improved ball. Haehnen turned in a nice bit of all-around work with Rasmussen, Sanders, Keefer and Sachs putting up fine games on the forward line.

Waynesboro out-gained Gettysburg in first downs, 8-4. The Maroons connected on three of five passes. Waynesboro chucked 10 aerials, making good on three with one being intercepted.

Operating on a twice-a-day schedule he had two coaches and eight horses on the go. In addition to carrying the mail, passengers and express he also developed a freight hauling business and at one time was transporting from eight to 10 tons of freight a week.

Progress continued its march through the years, however, and in 1949 "Pop" was forced to concede to its advances—he bought a bus. It was the latest deluxe model, complete with high, solid-rubber tires, chain drive, and to top it off, a two-cylinder motor.

## Opens New Line

The same general carrying continued, with the mail and passengers taking more prominence now. But "Pop's" ability as a driver had been heard of, and the Cumberland Valley Railroad asked him to go to Gettysburg to begin a bus line from here to Caledonia where the old trolley line continued the transportation of passengers to Chambersburg.

So "Pop" sold his high-wheel bus and came eastward to "The Shrine of the Nation," "Just two days," as he recalls it, "before the Fiftieth Reunion."

"I was ten years on that run to Caledonia," he said, "and used to have some pretty tough times over the mountains during the winter. But just the same I never missed a run."

He frequently would have to get out and shovel a path in the snow for his bus. On one particularly snowy day it took him 11 hours to travel from Gettysburg to Caledonia, "but we made it," he smiled. He and a special crew had to shovel many sections of the highway clean to complete the 16 mile trip.

After driving for the Cumberland Valley Railroad for about 10 years he was offered a job with the newly-formed Gettysburg—Harrisburg Transportation company, organized by the late David J. Forney, Sr., Attorney J. L. Williams and Robert C. Miller. He has been with that company ever since.

He has not taken a vacation from the job—at least for not as long as he can remember, and that's a long time. Because buses must run every day in the week that makes "Pop's" working year one of 365 days.

Unlike most veteran drivers, he has never kept track of the mileage travelled, passengers carried or number of trips made on his various runs. However, a little figuring would show that at the rate of two trips a day to Harrisburg for the past 20 years "Pop" has driven well in excess of a million miles on that run alone.

MISS LIONS CLUB  
NOT SELECTED

Several Adams county girls who are volunteering for enlistment in the Women's Army Corps have been "screened" for selection of Miss Lions club of Adams county but final selection of the county girl who will enter the WAC under the sponsorship of the Gettysburg Lions club has not yet been made. Sgt. F. G. Atkinson announced today at the York Recruiting office.

Sergeant Atkinson will be in Gettysburg, all day Thursday and will be at the post office building here to interview local girls who are interested in joining the WACS during the week of October 21-27. The girl who will be selected as "Miss Lions Club of Adams County" will be formally sworn into service at a Lions meeting here in the near future and the club will give her a present. During her service in the club at regular intervals and the club will keep in frequent contact with its "protégé."

Sergeant Atkinson pointed out today that all of the provisions of the "GI Bill of Rights" apply to the women of the WAC as well as to men in the armed forces.

"Pop" believes not only that he is the oldest driver in the United States, but also that he has been

driving longer than any other bus man. He is proud of the fact that he never has been arrested, although, "the cops told me lots of times that I should have been," he laughed.

His health is excellent, and even through the winter he very seldom misses even one run because of a cold or other illness. Another record of which he is proud is the fact that he has missed completing only one run. That was a return trip from Harrisburg to Gettysburg several years ago when heavy ice during the winter brought down so many utility poles and trees across the highway that any vehicular travel was impossible.

## May Retire Sometime

"Pop" and his 16 passengers stayed all night at a farm house about five miles outside of Harrisburg, "and did we have a fine breakfast the next morning," he recalled. "It was a regular country breakfast with all the trimmings."

"I guess I'll have to retire one of these days," "Pop" said sadly, "but I don't know what I'll do when it happens. When I'm off a day now I can hardly wait to get back. Guess I'll just go over to Harrisburg every day for the ride."

OFFICERS ARE  
INSTALLED BY  
LEGION WOMEN

Four-county council officers and the new officers for the Gettysburg, Littlestown and Hanover auxiliaries were installed last Thursday at the regular meeting of the four-county council of American Legion Auxiliaries in Adams, York, Franklin and Fulton counties. The council president, Mrs. E. M. Bittinger, Hanover, presided with 65 women representing all of the member auxiliaries excepting Red Lion in attendance.

The installation was conducted by Mrs. A. L. Westbrook, Altoona, district director, principal speaker for the council meeting. Mrs. Paul L. Spangler, Gettysburg, was installed for another term as council treasurer. The officials installed Thursday were elected at the last council meeting.

It was announced that Mrs. Howard Hartzell and Mrs. J. E. Codori have been appointed to state subcommittees and Mrs. Hartzell was selected as publicity chairman for the four-county council. She also is a member of the state subcommittee on war activities and Mrs. Codori is on the state child welfare committee.

## Meet Here In December

Mrs. Bittinger reported on the state Legion Auxiliary convention and the recent conference of state presidents and secretaries at Harrisburg.

An executive board meeting preceded the general council session Thursday and the general meeting was followed by a luncheon served by the members of the Maude Milder Bible class of St. James Sunday school. Before the luncheon Miss Lena Hartzell played two piano selections, Rubenstein's Concerto in D Minor and a modern composition by Chasins.

The next council meeting will be held here on the first Thursday of December.

Lt. Herbert Bryan  
Sent To Chapel Hill

Lt. Herbert E. Bryan, USNR, has been transferred from the University of Pennsylvania flight preparatory school, Philadelphia, to the Chapel Hill pre-flight school, North Carolina. He will report at his new base Saturday, October 21.

Lt. Bryan, on leave as principal of the Arendtsville vocational high school, entered the service 22 months ago. He spent two months at Columbus, Ohio, after which he served as recognition officer and supply officer for 10 months at the University of Pennsylvania and 10 months as executive officer and transfer officer.

GIVEN 60-DAY  
JAIL TERMS  
FOR LARCENY

Elmer Crowl, 26, and Clyde Berwager, 21, both of Abbottstown R. 1, were sentenced to 60 days and 30 days, respectively, in the county jail, for larceny by the Adams county court sitting in short session Monday afternoon.

The two eastern county men had been charged by the Commonwealth with larceny of several items of automobile equipment from four trucks and a car which had been levied by the sheriff on a farm near Abbottstown. The court had delayed sentencing from the morning session when testimony had been heard.

Just before court adjourned state police testified that Crowl and Berwager had taken the equipment, including a large truck tire valued at about \$75, a pair of fog-lights, a generator and a spot-light, from four trucks and a car stored on the farm of Crowl's grandmother.

Trout said Crowl had hidden the tire on his farm and Berwager had put the generator and fog-lights on his car. Crowl testified that the trucks had been stored on his grandmother's farm after the owner, Henry Walker, had agreed to pay a \$5 a month charge for the garage.

When he took the tire, Crowl asserted, he did it to insure payment of the storage fee "which had not been received for over a year." In the meantime the sheriff had levied on Walker's property.

Dr. T. C. Miller, George Baker and Ernest Jacobs, all of Abbottstown, appeared in court to testify in behalf of Crowl.

Two other young men, John F. Dick 21, York Springs R. D. 1, and Paul E. Whisler, 24, Gardeners R. D., were committed to jail in default of \$1,000 bail each after they withdrew pleas of guilty to receiving stolen gasoline coupons.

## Trials In November

They were arrested September 11 by Borough Officer Lloyd E. Wisler and State Policeman Harold K. Trout, following court testimony the week before in a juvenile case involving the robbing of a gasoline station in Gettysburg. At a hearing September 12 before Justice of the Peace John H. Basehore the couple pleaded guilty to receiving some of the stolen stamps and were held for court under \$300 bail each.

Following the withdrawal of the guilty plea Monday afternoon by Richard A. Brown, Esq., attorney for the defendants, the court held the men for trial at the November term of court and raised the bail to \$1,000 each.

Following the completion of a deposition and non-support hearing Roy H. Darr, Aspers R. D., was ordered to pay \$22 per week for the support of his wife, Helen Darr, and their children. He was ordered to enter into \$500 bond to insure compliance with the order.

The court approved the settlement for \$1,000 of a damage claim made by Leo A. Altland, Abbottstown, for his minor son, Francis Eli Altland, who was injured in an automobile collision at York Springs November 15, 1943. The \$1,000 settlement was for hospital and medical expenses, clothing, loss of work and personal injury and was paid by the three defendants in the trespass suit, Robert D. Little and Leonard Zinn, both of Hanover and Milton H. Manbeck of Ono, Pa. Little was the owner of the car in which young Altland was riding at the time of the accident and Zinn was the driver. Manbeck was the operator of the other car involved in the accident.

Three masters were appointed by the court in divorce actions. William L. Meals was appointed master in the case of Janet G. Gift versus Rush Leander Gift; John P. Butt was named master in the case of Georgia Piltenturf Brady versus Lewis David Brady; and J. Francis Yake, Jr., was appointed master in the case of Betty Marie Lawver versus Edgar Jacob Lawver.

The court session opened this morning with an argument in the case of Hubert A. Gallagher versus Mary E. (Decker) Gallagher, an action in divorce. E. V. Bulleit, attorney for the libellant and J. Francis Yake, Jr., attorney for the respondent, argued on exceptions which had been filed to the report of the master, John P. Butt. Yake asked a denial of the divorce while Bulleit pleaded for the approval of the report and the granting of the divorce. The court withheld decision.

In the one non-support hearing completed this morning Clarence I. Gilbert, Fayetteville R. 1, was ordered to go to work and to pay his wife, Esther M. Gilbert, \$15 a week for the support of their two children.

A hearing was begun on another non-support case of Helen Darr versus Ray H. Darr, both of Aspers. Officer Harold Trout of the for the morning, Chauncey Laughman, Abbottstown R. 1, was released from the county jail after having served about six weeks of a two-month sentence on a serious charge. He was placed on parole for two years and ordered to pay the costs of the case and other expenses. He is to comply with the support order within 30 days.

Other business concerned the court order to the sheriff calling for the empanelling of a jury for the November term.

AAF Captain  
In Hospital

John M. Crouse, a member of a B-29 Super-Fortress crew, has been promoted to captain. Captain Crouse, who sustained a broken back in a flying mishap some time ago, has been moved from a hospital at Mitchell Field, Calif., to Baker General hospital, Martinsburg, W. Va. His back is expected to remain in a cast for about two more months.

Capt. Crouse is a son of Mr. and Mrs. Mervin Crouse, Gettysburg, and the husband of the former Miss Betty Mae Shealer, Gettysburg.

LOCAL LEADERS  
GIVEN POSTS ON  
U.L.C.A. BOARDS

Three Gettysburgians were named to boards and committees of the United Lutheran Church in America at the closing session of the 14th biennial convention of the ULCA at Minneapolis, Wednesday, and other prominent Lutherans well known here also were given important church posts.

Dr. Henry W. A. Hanson, president of Gettysburg college, was named to the American Mission Board for a term ending in 1950. Mrs. A. R. Wentz, Gettysburg, was placed on the Deaconess' Work Board for a term ending in 1950, and the Rev. Dr. Carl C. Rasmussen, of the seminary faculty here, was appointed to the Publication Board for a term ending in the same year.

The church body selected Toledo, Ohio, as the 1946 meeting place.

## Post-War Lend-Lease

The church had invitations from Philadelphia to hold the 1948 session there in honor of the 200th anniversary of founding of the Pennsylvania Ministerium, and from Seattle and San Francisco for the 1950 gathering.

Although the convention took no action, delegates in final sessions yesterday heard proposals for inauguration of a religious lend-lease program for the rehabilitation of the farm people in devastated areas.

Presented by the Rev. Ross H. Stover, pastor of Messiah Church, Philadelphia, and Elwood M. Bowman, New York, church extension director for the Board of American Missions, the plan calls for U. S. church people to purchase and raise blooded cattle which would be sent abroad at war's end.

The proponents suggested the project for Luther League sponsorship, with city members purchasing the animals and rural members raising them.

## Seek New Seminary

Demands for establishment of a theological seminary for post-graduate work featured final business sessions, as well as a resolution calling for preparation of pamphlets which would better prepare Lutheran youth for marriage, particularly with respect to interdenominational unions.

Other board and committee members elected Wednesday to serve until the year designated, included:

Committee on Church Papers (1950): the Rev. T. Benton Peery, Philadelphia.

Laymen's Movement (1946): William H. Patrick and Belding Slifer, both of Philadelphia.

Foreign Missions Board (1950): the Revs. Joseph D. Baker, York; Jacob E. Rudisill, Harrisburg.

American Mission Board (1950): the Rev. R. H. Ischinger, Reading.

Deaconess' Work Board (1950): Deaconess Anna Cressman, Philadelphia; Miss Frances Dysinger, Washington.

Publication Board (1950): Rev. Joseph Sittler, Sr., Columbus and Theodore G. Tappert, Philadelphia, and D. P. Deatrick, Middletown, Pa.

CARLISLE NIPS  
MAROON SCRUBS  
BY 6-0 SCORE

Coach Fred Haehnen's Gettysburg high school javayee football team opened its season here Monday afternoon by dropping a hard-fought 6-0 decision to a more experienced and heavier Carlisle high reserve eleven.

The only score of the game came in the second period when Weaver took a pass which was good for 20 yards and a touchdown. The kick for the extra point was wide.

Carlisle threatened in the last period but the Maroons recovered a fumble deep in their own territory to halt the drive.

The Maroons failed to make a serious bid for a score but gained plenty of ground during play outside the scoring zones.

Wolfgang played a fine all-around game for the locals with Fred Rodgers a close second.

The local's indicated with more practice as a unit they can be counted upon to give good accounts of themselves later in

Sends Nazis' Pass  
Home To Parents

Mr. and Mrs. J. Floyd Miller, 24 Carlisle street, received this week from their son, Pvt. J. Floyd Miller, Jr., who is serving with the Third Army in Germany under the command of Gen. George H. Patton, an Allied "safe conduct pass" with which the Allied air forces are "bombarding" the Germans.

Printed in green and black ink on thin white paper, the pass is signed by Gen. Dwight D. Eisenhower. On one side is the following wording, written in German: "Safe Conduct. The German soldier who carries this safe conduct is using it as a sign of his genuine wish to give himself up. He is to be disarmed, to be well looked after, to receive food and medical attention as required, and to be removed from the danger zone as soon as possible."

The English translation follows. On the reverse side there is other German, giving instructions to the enemy soldiers.

On Bomber Named  
For R. C. Nurse

Lt. James A. Randall, 130 Lumber street, Littlestown, is identified as the navigator of the Liberator bomber "Birdie Schmidt" which was recently christened at an air base in England and "presented" to Miss Birdie Schmidt of Columbus, Ohio, an American Red Cross girl who is director of the Aero club on the airfield.

A dispatch from the air base states that the naming of the big bomber for Miss Schmidt was the decision of the crew. "In grateful appreciation of the many services rendered to them by the American Red Cross in general and Miss Schmidt in particular."

Miss Schmidt accepted the ship and christened it—not with champagne which is very scarce in England—but with a soft drink.

## MARRIAGE LICENSE

Clerk of the Courts Mrs. Howard W. Sheffer Thursday issued a marriage license to Charles A. Hartlaub, now stationed with the Army at Camp Reynolds, a son of Curtis J. Hartlaub, McSherrystown, and Miss Doris Marie Tawney, a daughter of Mr. and Mrs. John H. Tawney, McSherrystown.

County Soldier  
Is Awarded Medal

15th AAF in Italy (By Mail)—Private Simon A. Sanders, 43, Gettysburg R. 3, has been awarded the Good Conduct medal for his "exemplary behavior, efficiency and fidelity." He is a mechanic with an AAF Flying Fortress squadron in the Mediterranean theater of Operations. Prior to his enlistment in the Army, August 3, 1942, he was employed as a farmer.

Upon leaving the United States for overseas duty, Sanders was assigned to the oldest heavy bombardment group in the theater. This group has flown over 350 combat missions, bombing enemy installations in almost every Axis-dominated country in Europe from bases in England, North Africa, Russia and Italy.

He has earned the European-African-Middle East Theater ribbon with one battle participation star. He also wears the Presidential Citation ribbon, which has been awarded to his unit.

ALUMNI COUNCIL  
COMMITTEES FOR  
YEAR ARE NAMED

Standing committees for the school year were appointed, and a motion was passed calling for the holding of a dance during the Christmas holidays, at the fall meeting Tuesday evening of the Gettysburg high school alumni association at the YWCA.

President J. Herbert Raymond presided and the other business concerned a report on the last spring's entertainment-dance and a discussion of other possible programs for the association during the fall and winter. Five dollars was voted to the YWCA for the use of its rooms for association meetings.

Announcement was made also that the group had given \$40 toward the placing of additional names on the honor roll at the high school.

## Choose Dance Committee

A motion also was passed recommending that the alumni association support the activities of the recreation committee in Gettysburg.

Arrangements for the Christmas dance were placed in the hands of the social committee of which Mrs. Anna Sefton Eisenhart is chairman. Other members are Mrs. Mary Elizabeth Messner, Perry Tawney, Mrs. Sara Black Gideon, Mrs. Edna Zinkand Hartzell, John Clapsaddle and Charles Weaver.

Members of the nominating committee include Melvin Little, chairman; Miss Shirley Larkin, Robert Bream, Miss Margaret Peters, Arthur E. Hutchison, Mrs. Helen Sefton Haehnlen, Miss Grace Spangler and Mrs. Doris Lippy Brosius.

Lt. John Shriver  
Killed In Action

Word has been received here that First Lieutenant John Shriver, 25, only son of Mr. and Mrs. Morris C. Shriver, Upper Darby, was killed in action in Holland, September 29. He served with the Engineer Corps of the First Army and had gone to France early in the invasion.

Lt. Shriver had visited here with his parents and played football against Gettysburg college here during his student days at Wooster college, Ohio. He was a cousin of Miss Bess Shriver, East Middle street.

Morris Shriver was a native of Gettysburg and had resided here for a number of years. His son had been injured in England last winter but recovered after three months in the hospital.

MAROONS WIN  
1ST GRID TILT  
IN TWO YEARS

Happy days are here again! The longest gridiron losing streak in the history of Gettysburg high school was brought to an abrupt Coach Mel Dry's Maroons registered a 12-0 victory over Waynesboro high in a Southern Pennsylvania conference game before approximately 1,100 fans.

Eleven straight games had been dropped by Maroon teams since the last gridiron victory which was gained October 30, 1942, at Hershey.

Dick Fidler and Milton Moyer tallied the touchdowns for the Dry-men in the second and third periods.

## Fidler Runs 90 Yards

On the last play of the first period Waynesboro was deep in Maroon territory and attempting to score from the air, a pass from Geesman found its flight interrupted by Fidler on the 10-yard line. Fidler set sail for the goal line 90 yards away with a flock of Waynesboro players in pursuit. It appeared that Fidler would be caught about 30 yards from pay dirt but he managed to sidestep and weave out of reach of a Waynesboro player and finally stumbled across the line. His placement for the extra point was low and wide.

Gettysburg's second touchdown was scored early after the opening of the second half. The Tornado received the opening kickoff but was soon forced to kick, Moyer being downed on the Waynesboro 42. Haehnlen whipped a pass to Rasmussen on the 25 who lateralled to Moyer who scampered to the 11-yard line before being dropped. After two line thrusts failed to gain, Haehnlen passed to Rasmussen who went out of bounds just short of a first down and less than a yard from the goal line. On the next play Moyer punched through the line for a tally. Fidler's placement was blocked.

## Injures Knee

The victory was costly to the Dry-men as Don Raffensperger, scrappy center, suffered a dislocation and slight fracture of the left knee in the third period. He was taken to the Warner hospital in the ambulance where his leg was put in a cast and returned to his home. He will be out for the season.

Play in the first period was confined mostly to midfield with neither team being able to generate a sustained drive. On the first play of the game after Sanders had received the kickoff on his 39, Haehnlen passed to Moyer for a first down on the visitors' 40 but the Tornado quickly braced and forced the Maroons to punt.

Cliff Hartman's lads kept the Maroons on the defensive throughout the entire second period during which they amassed four first downs. Gettysburg lost ground on an exchange of punts late in the quarter which gave Waynesboro the ball on the locals' 33. Geesman then passed to Hoffman for a first down on the 20 with less than three minutes of play remaining. Two stabs at the line netted four yards and then Fidler broke in with his interception and touchdown-jaunt to turn the tide toward a Gettysburg victory.

## Visitors Threaten

Waynesboro's second bid for a score came about the middle of the last period. The Tornado took the ball on its own 43 on a punt and two tries by Toms made a first down on the Gettysburg 43. A pass to Geesman was good for another first down on the 19. Toms and Geesman picked up seven yards on three tries and when a pass was grounded the Maroons took over on the 12. Haehnlen punted out to the 37 and then Toms passed to Brake for a first down on the 23. The rally broke down when Sachs recovered a fumble on the 22, the game ending a few plays later.

The entire Gettysburg team played improved ball. Haehnlen turned in a nice bit of all-around work with Rasmussen, Sanders, Keefe and Sachs putting up fine games on the forward line.

Waynesboro outgained Gettysburg in first downs, 8-4. The Maroons connected on three of five passes. Waynesboro chucked 10 aeriels, making good on three with one being intercepted.

"Pop" Sharpe Believed To Be  
Oldest Bus Driver On Duty

A man who is probably the oldest bus driver on active duty in the United States continues to make his two trips daily to and from Harrisburg—a job he has been doing for the past 20 years.

He is John F. Sharpe who was 70 years old the Fourth of July of this year and who has been driving for the Gettysburg - Harrisburg Transportation company since it was organized in 1922.

Better known as "Pop" Sharpe, the veteran driver has been in the transportation business since the turn of the century, at which time he was operating a stage coach line between Richmond and Fannettsburg, two towns near McConnellsburg.

## Variety Cargoes

Starting in the stage business in his early twenties, "Pop" soon built up an extensive business between the towns, which were only eight miles apart. Operating on a twice-a-day schedule he had two coaches and eight horses on the go. In addition to carrying the mail, passengers and express he also developed a freight hauling business and at one time was transporting from eight to 10 tons of freight a week.

Progress continued its march through the years, however, and in 1949 "Pop" was forced to concede to its advances—he bought a bus. It was the latest deluxe model, complete with high, solid-rubber tires, chain drive, and to top it off, a two-cylinder motor.

## Opens New Line

The same general carrying continued, with the mail and passengers taking more prominence now. But "Pop's" ability as a driver had been heard of, and the Cumberland Valley Railroad asked him to go to Gettysburg to begin a bus line from here to Caledonia where the old trolley line continued the transportation of passengers to Chambersburg.

So "Pop" sold his high-wheel bus and came eastward to "The Shrine of the Nation," "just two days," as he recalls it, "before the Fiftieth Reunion."

"I was ten years on that run to Caledonia," he said, "and used to have some pretty tough times over the mountains during the winter. But just the same I never missed a run."

He frequently would have to get out and shovel a path in the snow for his bus. On one particularly snowy day it took him 11 hours to travel from Gettysburg to Caledonia, "but we made it," he smiled. He and a special crew had to shovel many sections of the highway clean to complete the 16 mile trip.

## Joins G. &amp; H. Company

After driving for the Cumberland Valley Railroad for about 10 years he was offered a job with the newly-formed Gettysburg - Harrisburg Transportation company, organized by the late David J. Forney, Sr., Attorney J. L. Williams and Robert C. Miller. He has been with that company ever since.

He has not taken a vacation from the job—at least for not as long as he can remember, and that's a long time. Because buses must run every day in the week that makes "Pop's" working year one of 365 days.

Unlike most veteran drivers, he has never kept track of the mileage travelled, passengers carried or number of trips made on his various runs. However, a little figuring would show that at the rate of two trips a day to Harrisburg for the past 20 years "Pop" has driven well in excess of a million miles on that run alone.

Several Adams county girls who are volunteering for enlistment in the Women's Army Corps have been "screened" for selection of Miss Lions club of Adams county but final selection of the county girl who will enter the WAC under the sponsorship of the Gettysburg Lions club has not yet been made, Sgt. F. G. Atkinson announced today at the York Recruiting office.

Sergeant Atkinson will be in Gettysburg, all day Thursday and will be at the post office building here to interview local girls who are interested in joining the WACS during October—which has been proclaimed as "War Month in Gettysburg" by Burgess Fred G. Pfeiffer.

The girl who will be selected as "Miss Lions Club of Adams County" will be formally sworn into service at a Lions meeting here in the near future and the club will give her a present. During her service in the armed forces she will report to the club at regular intervals and the club will keep in frequent contact with its "protégé."

GIVEN 60-DAY  
JAIL TERMS  
FOR LARCENY

Elmer Crowl, 26, and Clyde Berwager, 21, both of Abbotstown R. 1, were sentenced to 60 days and 30 days, respectively, in the county jail, for larceny by the Adams county court sitting in short session Monday afternoon.

The two eastern county men had been charged by the Commonwealth with larceny of several items of automobile equipment from four trucks and a car which had been levied by the sheriff on a farm near Abbotstown. The court had delayed sentencing from the morning session when testimony had been heard.

Just before court adjourned state police testified that Crowl and Berwager had taken the equipment, including a large truck tire valued at about \$75, a pair of fog-lights, a generator and a spot-light, from four trucks and a car stored on the farm of Crowl's grandmother.

Trout said Crowl had hidden the tire on his farm and Berwager had put the generator and fog-lights on his car. Crowl testified that the trucks had been stored on his grandmother's farm after the owner, Henry Walker, had agreed to pay a \$5 a month charge for the garage.

When he took the tire, Crowl asserted, he did it to insure payment of the storage fee "which had not been received for over a year." In the meantime the sheriff had levied on Walker's property.

Dr. T. C. Miller, George Baker and Ernest Jacobs, all of Abbotstown, appeared in court to testify in behalf of Crowl.

Two other young men, John F. Dick, 21, York Springs R. D. 1, and Paul E. Whisler, 24, Gardners R. D., were committed to jail in default of \$1,000 bail each after they withdrew pleas of guilty to receiving stolen gasoline coupons.

## Trials In November

They were arrested September 11 by Borough Officer Lloyd E. Wisler and State Policeman Harold K. Trout, following court testimony the week before in a juvenile case involving the robbing of a gasoline station in Gettysburg. At a hearing September 12 before Justice of the Peace John H. Basehore the couple pleaded guilty to receiving some of the stolen stamps and were held for court under \$300 bail each.

Following the withdrawal of the guilty plea Monday afternoon by Richard A. Brown, Esq., attorney for the defendants, the court held the men for trial at the November term of court and raised the bail to \$1,000 each.

Following the completion of a desertion and non-support hearing Roy H. Darr, Aspers R. D., was ordered to pay \$22 per week for the support of his wife, Helen Darr, and their children. He was ordered to enter into \$500 bond to insure compliance with the order.

The court approved the settlement for \$1,000 of a damage claim made by Leo A. Altland, Abbotstown, for his minor son, Francis Eli Altland, who was injured in an automobile collision at York Springs November 15, 1943. The \$1,000 settlement was for hospital and medical expenses, clothing, loss of work and personal injury and was paid by the three defendants in the trespass suit, Robert D. Little and Leonard Zinn, both of Hanover and Milton H. Manbeck of Ono, Pa. Little was the owner of the car in which young Altland was riding at the time of the accident and Zinn was the driver. Manbeck was the operator of the other car involved in the accident.

Three masters were appointed by the court in divorce actions. William L. Meals was appointed master in the case of Janet G. Gift versus Rush Leander Gift; John P. Butt was named master in the case of Georgia Pittenuff Brady versus Lewis David Brady; and J. Francis Yake, Jr., was appointed master in the case of Betty Marie Lawver versus Edgar Jacob Lawver.

The court session opened this morning with an argument in the case of Hubert A. Gallagher versus Mary E. (Decker) Gallagher, an action in divorce. E. V. Buleit, attorney for the libellant and J. Francis Yake, Jr., attorney for the respondent, argued on exceptions which had been filed to the report of the master, John P. Butt. Yake asked a denial of the divorce while Buleit pleaded for the approval of the report and the granting of the divorce. The court withheld decision.

In the one non-support hearing completed this morning Clarence I. Gilbert, Fayetteville R. 1, was ordered to go to work and to pay his wife, Esther M. Gilbert, \$15 a week for the support of their two children.

A hearing was begun on another non-support case of Helen Darr versus Ray H. Darr, both of Aspers Officer Harold Trout of the for the morning, Chauncey Laughman, Abbotstown R. 1, was released from the county jail after having served about six weeks of a two-month sentence on a serious charge.

He was placed on parole for two years and ordered to pay the costs of the case and other expenses. He is to comply with the support order within 30 days.

Other business concerned the court order to the sheriff calling for the empanelling of a jury for the November term.

## Post-War Lend-Lease

The church had invitations from Philadelphia to hold the 1948 session there in honor of the 200th anniversary of founding of the Pennsylvania Ministerium, and from Seattle and San Francisco for the 1950 gathering.

Although the convention took no action, delegates in final sessions yesterday heard proposals for inauguration of a religious lend-lease program for the rehabilitation of the farm people in devastated areas.

Presented by the Rev. Ross H. Stover, pastor of Messiah Church, Philadelphia, and Elwood M. Bowman, New York, church extension director for the Board of American Missions, the plan calls for U. S. church people to purchase and raise blooded cattle which would be sent abroad at war's end.

The proponents suggested the project for Luther League sponsorship, with city members purchasing the animals and rural members raising them.

## Seek New Seminary

Demand for establishment of a theological seminary for post-graduate work featured final business sessions, as well as a resolution calling for preparation of pamphlets which would better prepare Lutheran youth for marriage, particularly with respect to interdenominational unions.

BY 6-0 SCORE

Coach Fred Haehnlen's Gettysburg high school javvy football team opened its season here Monday afternoon by dropping a hard-fought 6-0 decision to a more experienced and heavier Carlisle high reserve eleven.

Wolfgang played a fine all-around game for the locals with Fred Rodgers a close second.

The locals indicated with more practice as a unit they can be counted upon to give good accounts of themselves later in the season. Last week was the first the team had worked together as a single outfit.

# WILLOUGHBY'S KNOWLEDGE OF JAPS' BUSHIDO CODE AIDS U.S.

Associated Press correspondent Murlin Spencer, on duty at General Douglas MacArthur's headquarters in the Southwest Pacific, wrote the following interesting article on Brigadier General Charles A. Willoughby, former student at Gettysburg college, and a frequent visitor to Gettysburg before the outbreak of the war:

"Brig. Gen. Charles A. Willoughby probably knows as much about the Japanese code of Bushido as any occidental. He knows how the Japanese fight. He knows how they plan campaigns and he can give a good guess as to what they will do next."

"General Willoughby, one of a handful of key officers—the 'Men with MacArthur'—who came out of the Philippines, is General MacArthur's assistant chief of staff in charge of intelligence. He heads that highly-important, highly-secret G-2."

"He has a large office on the same floor with the general. Even his office has an air of secretiveness, with curtains drawn tight over large-scale maps; clipboards hanging from the wall hold flimsy sheets of paper marked 'secret' in large letters."

"General Willoughby needs a large office because he is a large man. He is six feet two inches tall, in fighting trim at 195 pounds although that is 20 pounds over his weight when he left the Philippines."

"General Willoughby was born at Heidelberg, Germany, on March 8, 1892, settled in the United States in 1910 and was naturalized at Gettysburg, Pa., in 1913."

**Language Teacher**

"He entered Gettysburg college in 1913 as a senior and from 1915 to 1916 was instructor of modern language at Howe School, Howe, Ind. He began his army career in 1916 when he was commissioned a second lieutenant and between that time and 1923, he served as military attaché in the American legations in Venezuela, Colombia and Ecuador. He was General MacArthur's assistant chief of staff in charge of intelligence in the Philippines when the war broke out."

"The first complete file on Japanese jungle warfare came from General MacArthur and his staff. Aside from a few British garrisons on the Burma front, they are the only ones who have been in constant contact with the Japanese since the start of the Pacific War."

"One hot January day in 1942 General Willoughby had left Corregidor to visit Lieut. Gen. Jonathan M. Wainwright on Bataan and was returning to the coast to catch a Corregidor-bound ferry."

"I was driving along when an M. P. stopped me," he recalls, "and told me the Japs had landed in five places in strength. It was their major effort to land behind General Wainwright's force and destroy it."

**Decide to Go On**

"I decided to go on, bumping over the log roads through the woods. Finally, I found myself in an all-Philippine defense sector commanded by Col. M. N. Castaneda, an infantry officer who took a course at Benning, Ga., in 1937 and who had been one of my best pupils there."

"I had picked up a quartermaster's officer along the road, a Major Kalkman, and a good man to have along in a night spot. The three of us split the line among us and held it all day and way into the night."

"In cold type it is difficult to fix the importance of a fight, but this one was important. The Japanese had landed reinforced battalions at each of five points and if they had broken through Bataan must have been written off long before it was. And those were the days when an unprepared America was fighting for time."

"The citation awarding General Willoughby the Silver Star for this action said only that 'This gallant officer assisted in retraining struggling units in the use of heavy enemy small arms and mortar fire, demonstrated courage and leadership in proceeding through heavy jungle terrain to a position within 30 yards of the enemy line out of ordinary.'"

"What it doesn't say is that time after time under furious fire from snipers that men shot to General Willoughby were shot down. The enemy had spotted him as something out of the ordinary—a dangerous thing in jungle fighting. General Willoughby was a character knish uniform in sharp contrast to the fatuous dress of the Filipinos. He obviously was an officer of rank."

"To General Willoughby it was my last fight and it was with an all-Philippine outfit. It undoubtedly will be his last fight of the type. The Japanese would give a good deal to capture a man who knows as much about General MacArthur's plans and secrets as General Willoughby."

"Although he has no further prospect of fighting such as that on Bataan he learned much about the

# Cyclists Pedal To Emmitsburg

Six members of the Gettysburg Bicycle club, and J. Herbert Welker who accompanied them in his gasoline powered chair, pedaled to Emmitsburg for dinner Sunday and were joined there by their wives. The group dined at the Green Parrot.

The 10-mile trip was made in one hour with three rest stops. Welker's motor-chair makes 75 miles to a gallon of gasoline. The return trip was made by a "back road" which passes the Gettysburg pumping station. Calcedonia is the goal for next Sunday's trip if the weather permits.

The cyclists included Radford Lippert, R. P. Saylor, Irving Menges, Charles Woodward, Harold Reuning and Kenner's Sune.

Japanese. How does he size them up?

"We recognize that the Jap is a first class infantryman, but he is primarily an infantryman. He does what you expect the infantry to do."

"But we were shocked to find that in spite of his strict disciplinary training he was such a barbarian—unnecessarily barbarous. He would just as soon burn a village as to pass it by. I shall always remember the long, vertical columns of smoke spiraling in the spring air from burning villages which could have been spared."

**Memorable Experience**

"General Willoughby's most memorable experience was at Buna, in November and December of 1942."

"I think the seizure of Buna, government station, the first Am-

GEN. WILLOUGHBY

erican effort by gain troops in the Southwest Pacific was most important for psychological reasons.

"The fact we had got to the north coast of New Guinea abreast of the jungle-wise (Australian) 7th Division was a thrill. I knew that that was the first rung of the ladder in the way up the north coast of New Guinea."

"It also was the first step on the way back. Aside from his own personal desires, General Willoughby has another reason for wanting to return to the Philippines."

"It is tremendously important that we go back," he said. "Of all the oriental areas under semi-colonial status the Philippines was the only one which pitched in and fought with their erstwhile colonial governors. And ever since they have clung steadfastly to this American fraternity in spite of all the Quelling puppet governors the Japs have tried to set up."

"We must go back because I believe the honor and prestige of the United States are at stake in the liberation of a country which could have submitted as the others did."

# LOCAL CONCERT MEMBERSHIP IS 560; DRIVE ENDS

The Gettysburg Concert association went "over the top" in its 1944 membership campaign with 560 paid-up members, it was announced shortly after 9 o'clock Saturday night, the closing hour of the drive.

The total greatly exceeds the highest expectations of the most optimistic. The goal was 550 members, the total seating capacity of Brum Chapel, where the series of three concerts will be given this winter.

Shortly after the closing of the drive the selecting committee announced the artists who will appear in the three concert series.

**December Concert**

Early in December John Sebastian, young harmonica virtuoso, will open the concert series. He will be followed by the Bary Ensemble and Donald Dame. Dates for all three concerts will be announced as soon as confirmation of the dates is received from Columbia Concerts, Inc., New York.

John Sebastian comes highly recommended as an artist of note. He was soloist with the Philadelphia orchestra, under the direction of Eugene Ormandy; the Rochester orchestra, under Jose Kurbi; the NBC symphony orchestra under Dr. Frank Black and the Radio City Music Hall orchestra under Erno Rape. He appeared in a Town Hall recital with Virgil Thompson, and Leonard Bernstein, was guest soloist on the Coca Cola Radio program and is featured in a series of 14 weekly radio broadcasts.

He renders a variety program including selections by Bach, Handel, Ravel, Gershwin and others. He is accompanied by a pianist of note who will also render several piano numbers.

**Bary Ensemble**

The Bary Ensemble, a quartet, was founded by Gertrude Bary, pianist for the group. Each is a soloist in his own right. Gertrude Bary toured the United States and Europe and has appeared in featured roles with orchestras in seven major New York concerts and on numerous radio broadcasts. She is a pupil of Schnabel.

Lorna Wreata, flutist, has played with the Orchestre Classique and was first flutist with the Phil Spitalny all-girl orchestra. She is a pupil of Barrere.

Mary Becker, violinist, made her debut in a Town Hall recital as the winner of the Naumburg Foundation Award. She has made extensive tours on the concert stage.

Virginia Peterson, cellist, has given many recitals and appeared with the Manhattan Trio in thirteen states.

Mrs. F. K. Schwartz was chairman of the membership committee; Mrs. Frank Kramer, secretary of the association and Mrs. Charles Pitzer was chairman of the dinner committee. Other officers include: Edmund W. Thomas, president; Mrs. Ellen Tipton Buehler, vice president; Dr. Fred Tiberg, treasurer.

On Monday President Thomas made this statement: "I want to personally thank the public, the music lovers of Gettysburg and the county and the large group from Emmitsburg who have enrolled, and the volunteer workers for their whole-hearted support of the membership campaign. The response from the public was overwhelming and expresses a definite desire on the part of Adams county for fine music. The workers did an exceptional job in the membership drive and they are to be congratulated."

# TO HOLD CAREER H. S. STUDENTS CONFERENCE FOR TO MARK PENN. H.S. STUDENTS TRICENTENARY

A career conference for all students in the junior and senior classes of the high schools of the county will be sponsored at Gettysburg college March 16, the Adams County Council of School Administrators and representatives of Gettysburg college decided Wednesday evening.

Meeting at the college, the organization also planned three other monthly meetings, formally adopted a set of seven recommendations for a program of agricultural education for the county, and moved to ask the State Department of Education for a ruling concerning the status of returning service men who have not graduated from high school.

The committee in charge of the career conference is headed by Prof. Charles R. Wolfe, registrar and dean of admissions at Gettysburg college. Other members of the committee are Prof. Lloyd C. Keefe, superintendent of the Gettysburg public schools; Prof. C. P. Keefer, supervising principal of the New Oxford schools; Miss Dorothy Gregg Lee, dean of women at Gettysburg college; and Dr. Frank H. Kramer, professor of education at the college.

**To Conduct Survey**

A survey will be conducted among the school students in the near future to determine which careers hold the most interest at the time. Those in which the highest degree of interest is shown will be discussed at the conference.

Prof. Guile W. Lefever, principal of Gettysburg high school, is chairman of the committee for the April joint meeting to be held with education executives from Franklin and York counties. Other members are Dr. William C. Waltemyer, professor of English Bible at the college; Dr. Anson Hamm, supervising principal of the Fairfield schools; Prof. Charles L. Yost, assistant principal of the Biglerville schools; and Miss Dorothy M. Warner, supervisor of special education for the county.

A third committee, headed by Dr. Robert A. Bream, assistant county superintendent of schools, was appointed to arrange for a meeting for the in-service training of teachers. Such a program will be for the instruction of teachers while they are carrying on their regular school duties. Others on the committee are Doctor Kramer and Miss Warner.

**To Ask About Veterans**

The program for the November meeting, which will take up a discussion on adult education and the provisions of the education sections of the "G-I Bill of Rights," will be in charge of the executive committee. Its members are Prof. Leslie V. Stock, supervising principal of the Biglerville schools; Professor Lefever; Prof. Clayton E. Bihlmeier, head of the athletic department at the college; Professor Wolfe and Doctor Bream.

The group voted to ask Dr. Francis B. Haas, state superintendent of public instruction, for a clarification of the requirements for graduation from high school of returning veterans who did not complete their high school work before entering the service.

The recommended seven-point program of agricultural education for Adams county was discussed and set up at the last meeting of the group April 24. It was formally adopted, however, at Wednesday night's meeting.

**List Seven Points**

The seven conclusions were developed by a committee consisting of C. J. Waybright, Freedom township; Richard C. Lightner, county vocational education advisor; John Hauser, Biglerville; Dr. T. L. Cline, head of the English department at the college; Professor Lefever; Dean Wilbur E. Tiberg, of the college; Professor Stock and Doctor Bream.

Included in the resolution were the seven following points:

1. Elementary schools should use practical projects connected with home duties as a basis for school activities in reading, writing, arithmetic, oral expression, health, safety, art, and in the solution of personal and social problems.
2. Instruction should fit the exact environment of the locality. Each teacher should study the needs of his or her particular community and make assignments fit the needs of the people. Materials and textbooks that advance this objective should be selected.
3. A course in agriculture and nature study should be given in seventh and eighth grades and supervised by the advisor of vocational education.
4. The school in rural areas should play an important part in supplying many of the social services needed by rural people. In order to meet those needs there should be larger schools, expanded curriculum including vocational training and adult education, and modern school plants and equipment.
5. We endorse the present program of vocational agricultural instruction in the secondary schools, and suggest that it be strengthened by building stronger courses in community living, and by adding units designed to prepare students for work in local industries such as food processing.
6. Education for rural people should be extended beyond the high school to include courses in community living, current problems,

# Injured Slightly On French Front

Pvt. Clifford D. Eyer, 23, son of Earl C. Eyer, who resides a short distance north of Emmitsburg, was injured slightly in action September 16 in France according to a telegram received by his father from the War Department last Thursday.

Pvt. Eyer, who served with the paratroopers, entered the service December 3, 1942.

The telegram advised his father he would be informed as to his son's condition as soon as additional reports are received.

A brother of the injured soldier, Sgt. John P. Eyer, was killed in action during the invasion of France.

Some time ago Pvt. Clifford Eyer met another brother, T/5 Austin Eyer, during an engagement with the enemy in Italy. The paratrooper landed ahead of his brother who was attached to a battery moving into an advanced position on the same front. It marked the first meeting of the brothers since they left their home in Eyer's Valley.

# NEW PLAN SET IN MOTION TO SALVAGE CANS

Another profit-less chapter is being written in the Saga of The Troublesome Tin Cans.

The hundreds of thousands of cans that were loaded on trucks at Peach Glen late in the summer and trucked to Paul Plank's dump a mile south of Gettysburg along the Littlestown road are on the move again.

A week or so ago representatives of the War Production Board, the State Salvage office and the Army converged on Gettysburg and after a conference in Mr. Plank's office in Gettysburg worked out a new plan for the disposition of the thousands of tin cans—the tens of thousands at the Plank dump, the thousands that were clogging operation at the Knouse plant and the more than 100,000 that yet contain sliced apples which are to be processed into apple butter.

**Crushed By Tractor**

The new arrangements—with financial provisions satisfactory to Mr. Plank—take the cans off the Plank dump and into a de-tinning plant that has perfected a new technique of slung the cans into ribbons of metal which make it unnecessary to have the bottoms cut out.

The work is being done by prisoners of war from the Gettysburg camp—prisoners that had been engaged and are now critically needed in county apple canneries.

Two truck loads of prisoners— from 10 to 30 men—go to the Plank dump each morning and spend an eight-hour day loading the considerably-rusted tin cans onto government trucks.

The trucks haul the cans across the Gettysburg-Baltimore highway onto a now abandoned—and secluded—section of hard surfaced U. S. government road leading toward the Tanerstown road.

**Shipped By Freight**

There the cans are dumped on the store-surfaced roadway and rolled flat with a caterpillar tractor.

Then the cans are re-loaded with a conveyor, rented or borrowed from the state, and placed on the trucks which haul them to Reading railroad sidings in Gettysburg where the cans are dumped on gondola or "battleship" cars to be shipped to the de-tinning plant. Two carloads of the cans have been shipped out of Gettysburg and another is expected to move by the middle of this week.

The prisoners first worked for weeks at the Knouse plant clearing away the accumulation of cans there that piled up after WPB-Salvage-Army differences stopped Mr. Plank from hauling the cans. A week ago they began work at the Gettysburg dump.

Mr. Plank and Army officers estimate that many weeks of work remain to be done at the dump.

The approximately 120,000 cans that remain unopened at the Knouse plant will be handled by war prisoners and loaded directly onto railroad cars on the Peach Glen siding.

**"Excessive Cost"**

Mr. Plank retains the government contract for hauling the big sections of cardboard cartons, in which the canned apples were packed, to waste paper dealers at York.

Several competent sources, who would not be quoted by name, told The Gettysburg Times that the current procedure is costing the government "three to five times" what it will receive for the cans at the de-tinning plant.

The cans, with prices recently greatly reduced, are reported to be worth from \$5 to \$10 a ton at the de-tinning plant. From that must be deducted the freight charges and handling costs before the cans reached the cars. Mr. Plank—who loaded the cans one time in his handling schedule—said he calculated handling charges at 35c per hundred pounds or about \$7 per ton.

The cans have posed a knotty problem since the Knouse corporation, working under government contract, began converting over-age canned apples into applebutter last summer.

**Facet Arrest**

Mr. Plank trucked some of the shiny cans to York and was threatened by salvage officials with arrest for attempting to sell goods available only for salvage under WPB regulations. Some cans were trucked by WACs to a war prison camp at Indiantown Gap where an unsuccessful attempt was made to process them with prisoner labor. One report said that most of the cans used in that experiment were buried. This was not confirmed.

Then the cans were trucked to the Gettysburg dump where they were to rust until they were useless for de-tinning plants and could be marketed as scrap metal. Now they go to a de-tinning plant.

In the early stages of multiple efforts to solve the can problem, the chief difficulty was that the job of processing the cans was far too big for volunteer salvage collection units and that the labor cost to process the cans was too expensive to make the processing worthwhile.

**PROMOTED TO CORPORAL**

Mrs. Paul Arnsberger, Gardners, has received word her brother, William R. Dinsmore, who is stationed in Texas, was recently promoted to corporal.

"He entered Gettysburg college in 1913 as a senior and from 1915 to 1916 was instructor of modern language at Howe School, Howe, Ind. He began his army career in 1916 when he was commissioned a second lieutenant and between that time and 1928, he served as military attaché in the American legations in Venezuela, Colombia and Ecuador. He was General MacArthur's assistant chief of staff in charge of intelligence in the Philippines when the war broke out."

"The first complete file on Japanese jungle warfare came from General MacArthur and his staff. Aside from a few British garrisons on the Burma front, they are the only ones who have been in constant contact with the Japanese since the start of the Pacific War."

"One hot January day in 1942 General Willoughby had left Corregidor to visit Lieut. Gen. Jonathan M. Wainwright on Bataan and was returning to the coast to catch a Corregidor-bound ferry."

"I was driving along when an M. P. stopped me," he recalls, "and told me the Japs had landed in five places in strength. It was their major effort to land behind General Wainwright's force and destroy it."

### Decide to Go On

"I decided to go on, bumping over the log roads through the woods. Finally, I found myself in an all-Filipino defense sector commanded by Col. M. N. Castaneda, an infantry officer who took a course at Benning, Ga., in 1937 and who had been one of my best pupils there."

"I had picked up a quartermaster officer along the road, a Major Kalakua and a good man to have along in a tight spot. The three of us split the line amongst us and held it all day and way into the night."

"In cold type it is difficult to fix the importance of a fight, but this one was important. The Japanese had landed reinforced battalions at each of five points and if they had broken through Bataan might have been written off long before it was. And those were the days when an unprepared America was fighting for time."

"The citation awarding General Willoughby the Silver Star for this action said only that 'This gallant officer assisted in reorganizing stragglers, and in the face of heavy enemy small arms and mortar fire, demonstrated courage and leadership in proceeding through heavy jungle terrain to a position within 20 yards of the enemy line.'"

### Out of Ordinary

"What it doesn't say is that time after time under furious fire from snipers that men next to General Willoughby were shot down. The enemy had spotted him as something out of the ordinary—a dangerous thing in jungle fighting. General Willoughby wore a bleached khaki uniform in sharp contrast to the fatigues of the Filipinos. He obviously was an officer of rank."

"To General Willoughby it was 'my last fight and it was with an all-Filipino outfit.' It undoubtedly will be his last fight of that type. The Japanese would give a good deal to capture a man who knows as much about General MacArthur's plans and secrets as General Willoughby."

"Although he has no further prospect of fighting such as that on Bataan he learned much about the

Japanese. How does he size them up?

"We recognize that the Jap is a first class infantryman, but he is primarily an infantryman. He does what you expect the infantry to do."

"But we were shocked to find that in spite of his strict disciplinary training he was such a barbarian—unnecessarily barbarous. He would just as soon burn a village as to pass it by. I shall always remember the long, vertical columns of smoke spiraling in the spring air from burning villages which could have been spared."

### Memorable Experience

"General Willoughby's most memorable experience was at Buna, in November and December of 1942."

"I think the seizure of Buna, government station, the first Am-

erican effort by green troops in the Southwest Pacific was most important for psychological reasons."

"The fact we had got to the north coast of New Guinea abreast of the jungle-wise (Australian) 7th Division was a thrill. I knew that that was the first rung of the ladder in the way up the north coast of New Guinea."

"It also was the first step on the way back. Aside from his own personal desires, General Willoughby has another reason for wanting to return to the Philippines."

"It is tremendously important that we go back," he said. "Of all the oriental areas under semi-colonial status the Philippines was the only one which pitched in and fought with their erstwhile colonial governors. And ever since they have clung steadfastly to this American fraternity in spite of all the Quisling puppet governors the Japs have tried to set up."

"We must go back because I believe the honor and prestige of the United States are at stake in the liberation of a country which could have submitted as the others did."

## LOCAL CONCERT MEMBERSHIP IS 560; DRIVE ENDS

The Gettysburg Concert association went "over the top" in its 1944 membership campaign with 560 paid-up members, it was announced shortly after 9 o'clock Saturday night, the closing hour of the drive.

The total greatly exceeds the highest expectations of the most optimistic. The goal was 550 members, the total seating capacity of Bruc Chapel where the series of three concerts will be given this winter.

Shortly after the closing of the drive the selecting committee announced the artists who will appear in the three concerts here.

### December Concert

Early in December John Sebastian, young harmonica virtuoso, will open the concert series. He will be followed by the Bary Ensemble and Donald Dame. Dates for all three concerts will be announced as soon as confirmation of the dates is received from Columbia Concerts, Inc., New York.

John Sebastian comes highly recommended as an artist of note. He was soloist with the Philadelphia orchestra, under the direction of Eugene Ormandy; the Rochester orchestra, under Jose Iturbi; the NBC symphony orchestra under Dr. Frank Black and the Radio City Music Hall orchestra under Erno Rape. He appeared in a Town Hall recital with Virgil Thompson, and Leonard Bernstein, was guest soloist on the Coca Cola Radio program and is featured in a series of 14 weekly radio broadcasts.

He renders a variety program including selections by Bach, Handel, Ravel, Gershwin and others. He is accompanied by a pianist of note who will also render several piano numbers.

### Bary Ensemble

The Bary Ensemble, a quartet, was founded by Gertrude Bary, pianist for the group. Each is a soloist in his own right. Gertrude Bary toured the United States and Europe and has appeared in featured roles with orchestras in seven major New York concerts and on numerous radio broadcasts. She is a pupil of Schnabel.

Lorna Wren, flutist, has played with the Orchestre Classique and was first flutist with the Phil Spitalny all-girl orchestra. She is a pupil of Barre.

Mary Becker, violinist, made her debut in a Town Hall recital as the winner of the Naumburg Foundation Award. She has made extensive tours on the concert stage.

Virginia Peterson, cellist, has given many recitals and appeared with the Manhattan Trio in thirteen states.

Mrs. F. K. Schwartz was chairman of the membership committee; Mrs. Frank Kramer, secretary of the association and Mrs. Charles Pitzer was chairman of the dinner committee. Other officers include: Edmund W. Thomas, president; Mrs. Ellen Tipton Buehler, vice president; Dr. Fred Tilberg, treasurer.

On Monday President Thomas made this statement: "I want to personally thank the public, the music lovers of Gettysburg and the county and the large group from Emmitsburg who have enrolled, and the volunteer workers for their whole-hearted support of the membership campaign. The response from the public was overwhelming and expresses a definite desire on the part of Adams countians for fine music. The workers did an exceptional job in the membership drive and they are to be congratulated."

The afternoon session will begin at 1:30 o'clock with a worship service. Routine business will follow with reports from the executive committee, statistian, treasurer, archivist, president of the group B. Kenneth James, Littlestown, district president; and Mrs. Fred Troxell, Mrs. George Rightmeyer, Mrs. Robert Fortenbaugh and Miss Mildred Coshum, delegates.

Dr. M. R. Hamsher, president of the Central Pennsylvania synod, and Mrs. William Menges, president of the Women's Missionary society of the Central Pennsylvania synod, will speak briefly.

During the Wednesday afternoon session, Mrs. Gresh will be in charge of a recognition service for all new members of the society during the past year.

## FORMER COLLEGE STUDENTS KILLED

Second Lt. John S. Baer, 23, son of Dr. and Mrs. R. W. Baer, Frederick, was killed in action in Italy September 24, the War Department has notified his parents.

Lt. Baer was a member of the class of 1945 at Gettysburg college and entered the service two and one-half years ago. He was in command of an infantry unit.

While a student here he was a member of the Sigma Chi fraternity. A brother, Lt. Malcolm Baer, class of 1941, is serving with the Army.

Word has been received that another member of the class of 1945, Edward Reynolds, was killed in action recently. He was a member of the Tau Kappa Epsilon fraternity.

Pte. Reynolds, 20, was a son of Mr. and Mrs. Charles M. Carter, Jr., New Rochelle, N. Y. He was inducted while a student at Gettysburg college and took his basic training at Camp Swift, Texas. He had previously been reported as missing but a recent War Department telegram notified his parents he was killed in action in France on July 27. He was a member of an infantry outfit.

## TO HOLD CAREER CONFERENCE FOR H.S. STUDENTS

A career conference for all students in the junior and senior classes of the high schools of the county will be sponsored at Gettysburg college March 16, the Adams County Council of School Administrators and representatives of Gettysburg college decided Wednesday evening.

Meeting at the college, the organization also planned three other monthly meetings, formally adopted a set of seven recommendations for a program of agricultural education for the county, and moved to ask the State Department of Education for a ruling concerning the status of returning service men who have not graduated from high school.

The committee in charge of the career conference is headed by Prof. Charles R. Wolfe, registrar and dean of admissions at Gettysburg college. Other members of the committee are Prof. Lloyd C. Keefe, superintendent of the Gettysburg public schools; Prof. C. P. Keefe, supervising principal of the New Oxford schools, Miss Dorothy Gregg Lee, dean of women at Gettysburg college; and Dr. Frank H. Kramer, professor of education at the college.

## WILLOUGHBY'S KNOWLEDGE OF JAPS' BUSHIDO CODE AIDS U.S.

Associated Press correspondent Murlin Spencer, on duty at General Douglas MacArthur's headquarters in the Southwest Pacific, wrote the following interesting article on Brigadier General Charles A. Willoughby, former student at Gettysburg college, and a frequent visitor to Gettysburg before the outbreak of the war:

"Brig. Gen. Charles A. Willoughby, probably known as much about the Japanese code of Bushido as any American, knows how the Japanese fight. He knows how they plan campaigns and he can give a good guess as to what they will do next."

"General Willoughby, one of a handful of key officers—the 'Men with MacArthur'—who came out of the Philippines, is General MacArthur's assistant chief of staff in charge of intelligence. He heads that highly-important, highly-secret G-2."

"He has a large office on the same floor with the general. Even his office has an air of secretiveness, with curtains drawn tight over large-scale maps; clipboards hanging from the wall hold flimsy sheets of paper marked 'secret' in large letters."

"General Willoughby needs a large office because he is a large man. He is six feet two inches tall, in fighting trim at 195 pounds although that is 20 pounds over his weight when he left the Philippines."

"General Willoughby was born at Heidelberg, Germany, on March 8, 1892, settled in the United States in 1910 and was naturalized at Gettysburg, Pa., in 1913."

The enemy had spotted him as something out of the ordinary—a dangerous thing in jungle fighting. General Willoughby wore a bleached khaki uniform in sharp contrast to the fatigues of the Filipinos. He obviously was an officer of rank."

"To General Willoughby it was 'my last fight and it was with an all-Filipino outfit.' It undoubtedly will be his last fight of that type. The Japanese would give a good deal to capture a man who knows as much about General MacArthur's plans and secrets as General Willoughby."

"Although he has no further prospect of fighting such as that on Bataan he learned much about the

## Cyclists Pedal To Emmitsburg

Six members of the Gettysburg Bicycle club, and J. Herbert Weikert who accompanied them in his gasoline powered chair, pedaled to Emmitsburg for dinner Sunday and were joined there by their wives. The group dined at the Green Parrot.

The 10-mile trip was made in one hour with three rest stops. Weikert's motor-chair makes 75 miles to a gallon of gasoline. The return trip was made by a "back road" which passes the Gettysburg pumping station. Caledonia is the goal for next Sunday's trip if the weather permits.

The cyclists included Radford Lippy, R. P. Saylor, Irving Menges, Charles Woodward, Harold Reuning and Kenneth Stine.

Japanese. How does he size them up?

"We recognize that the Jap is a first class infantryman, but he is primarily an infantryman. He does what you expect the infantry to do."

"But we were shocked to find that in spite of his strict disciplinary training he was such a barbarian—unnecessarily barbarous. He would just as soon burn a village as to pass it by. I shall always remember the long, vertical columns of smoke spiraling in the spring air from burning villages which could have been spared."

### Memorable Experience

"General Willoughby's most memorable experience was at Buna, in November and December of 1942."

"I think the seizure of Buna, government station, the first Am-

erican effort by green troops in the Southwest Pacific was most important for psychological reasons."

"The fact we had got to the north coast of New Guinea abreast of the jungle-wise (Australian) 7th Division was a thrill. I knew that that was the first rung of the ladder in the way up the north coast of New Guinea."

"It also was the first step on the way back. Aside from his own personal desires, General Willoughby has another reason for wanting to return to the Philippines."

"It is tremendously important that we go back," he said. "Of all the oriental areas under semi-colonial status the Philippines was the only one which pitched in and fought with their erstwhile colonial governors. And ever since they have clung steadfastly to this American fraternity in spite of all the Quisling puppet governors the Japs have tried to set up."

"We must go back because I believe the honor and prestige of the United States are at stake in the liberation of a country which could have submitted as the others did."

On Monday President Thomas made this statement: "I want to personally thank the public, the music lovers of Gettysburg and the county and the large group from Emmitsburg who have enrolled, and the volunteer workers for their whole-hearted support of the membership campaign. The response from the public was overwhelming and expresses a definite desire on the part of Adams countyans for fine music. The workers did an exceptional job in the membership drive and they are to be congratulated."

1. Elementary schools should use practical projects connected with home duties as a basis for school activities in reading, writing, arithmetic, oral expression, health, safety, art, and in the solution of personal and social problems.

### Rural School Role

2. Instruction should fit the exact environment of the locality. Each teacher should study the needs of his or her particular community and make assignments fit the needs of the people. Materials and textbooks that advance this objective should be selected.

3. A course in agriculture and nature study should be given in seventh and eighth grades and supervised by the advisor of vocational education.

4. The school in rural areas should play an important part in supplying many of the social services needed by rural people. In order to meet those needs there should be larger schools, expanded curriculum including vocational training and adult education, and modern school plants and equipment.

### Ask Extended Education

5. We endorse the present program of vocational agricultural instruction in the secondary schools, and suggest that it be strengthened by building stronger courses in community living, and by adding units designed to prepare students for work in local industries such as food processing.

6. Education for rural people should be extended beyond the high school to include courses in community living, current problems,
